The Destiny Islands are a beautiful paradise where children's laughter abounds. Day after day, Sora, Riku, and Kairi talk and dream of new places, new worlds beyond their islands. They ponder the usual questions that adolescents do—about the world outside, about their own existence. Little do they know a great destiny awaits them.

One stormy night, a terrible darkness invades the Destiny Islands.

Thus does their journey begin...

Sora awakens in another world, in a place called Traverse Town. His hopes of seeing new worlds are realized, but his friends Riku and Kairi are nowhere in sight.

Meanwhile, Donald and Goofy have also arrived in Traverse Town. They have come from Disney Castle in search of a "key" and its owner. Their king, who has mysteriously disappeared, has left them a cryptic message:

*"Now, there's somebody with a 'key'—the key to our survival... We need that key."*

What is happening to this world?

The "somebody" mentioned by the missing king turns out to be Sora. To find Kairi and Riku, Sora joins Donald and Goofy and embarks on an epic journey.

**SORA**

Main character. Age 14. As a teenager he has his share of concerns, but he manages to keep an upbeat attitude. He may seem simple-minded at times, but he has a strong sense of justice.

**GOOFY**

Captain of the royal knights, a soldier who despises weapons. Under the king's orders, he accompanies Donald on the quest to find the key. An easygoing, clumsy knight.

**DONALD DUCK**

Court wizard and loyal servant to the king. He embarks on a journey to carry out the missing king's orders: to find a mysterious "key" and its owner. A feisty, impatient magician.

**RIKU**

Age 15. He may seem cool and collected for his age, but he is far from the quiet type. Always curious about the unknown, he begins to question the small, closed world in which he lives.

**KAIRI**

Age 14. She moved to Sora and Riku's island a few years ago. Though she may appear delicate, she possesses a strong, unyielding will.

**HEARTLESS**

Mysterious beings that hunt Sora relentlessly. Many types of Heartless exist.

## Field Icon

A field icon appears when there are objects or people in Sora's vicinity with which he can interact.

## Commands

Depending on the situation, the "Attack" command may change into another command such as "Talk." This first command will often change when a field icon appears.

## Party's Gauges

They display your party members' current condition.

## Sora's Gauges

They display Sora's current condition.

## GAUGES

The green gauge displays your **Hit Points (HP)**, or health. Once it falls below a certain point, a warning alarm will sound off, and the gauge will flash red. The blue gauge shows your **Magic Points (MP)**. MP decrease when spells are cast. Some abilities consume MP as well. The orange bar is the **charge gauge**. Once it fills up to a certain point, it is converted to MP. Spells with low MP cost draw from the charge gauge first.

## TARGETING AND COMMAND CHANGES

Sora can automatically target enemies, people he can talk to, and objects he can pick up or examine, such as crates and paintings. Certain commands may change into new ones when something is targeted. Turn automatic targeting on and off in the Config menu.

Targeting:

Auto Lock

Target Lock

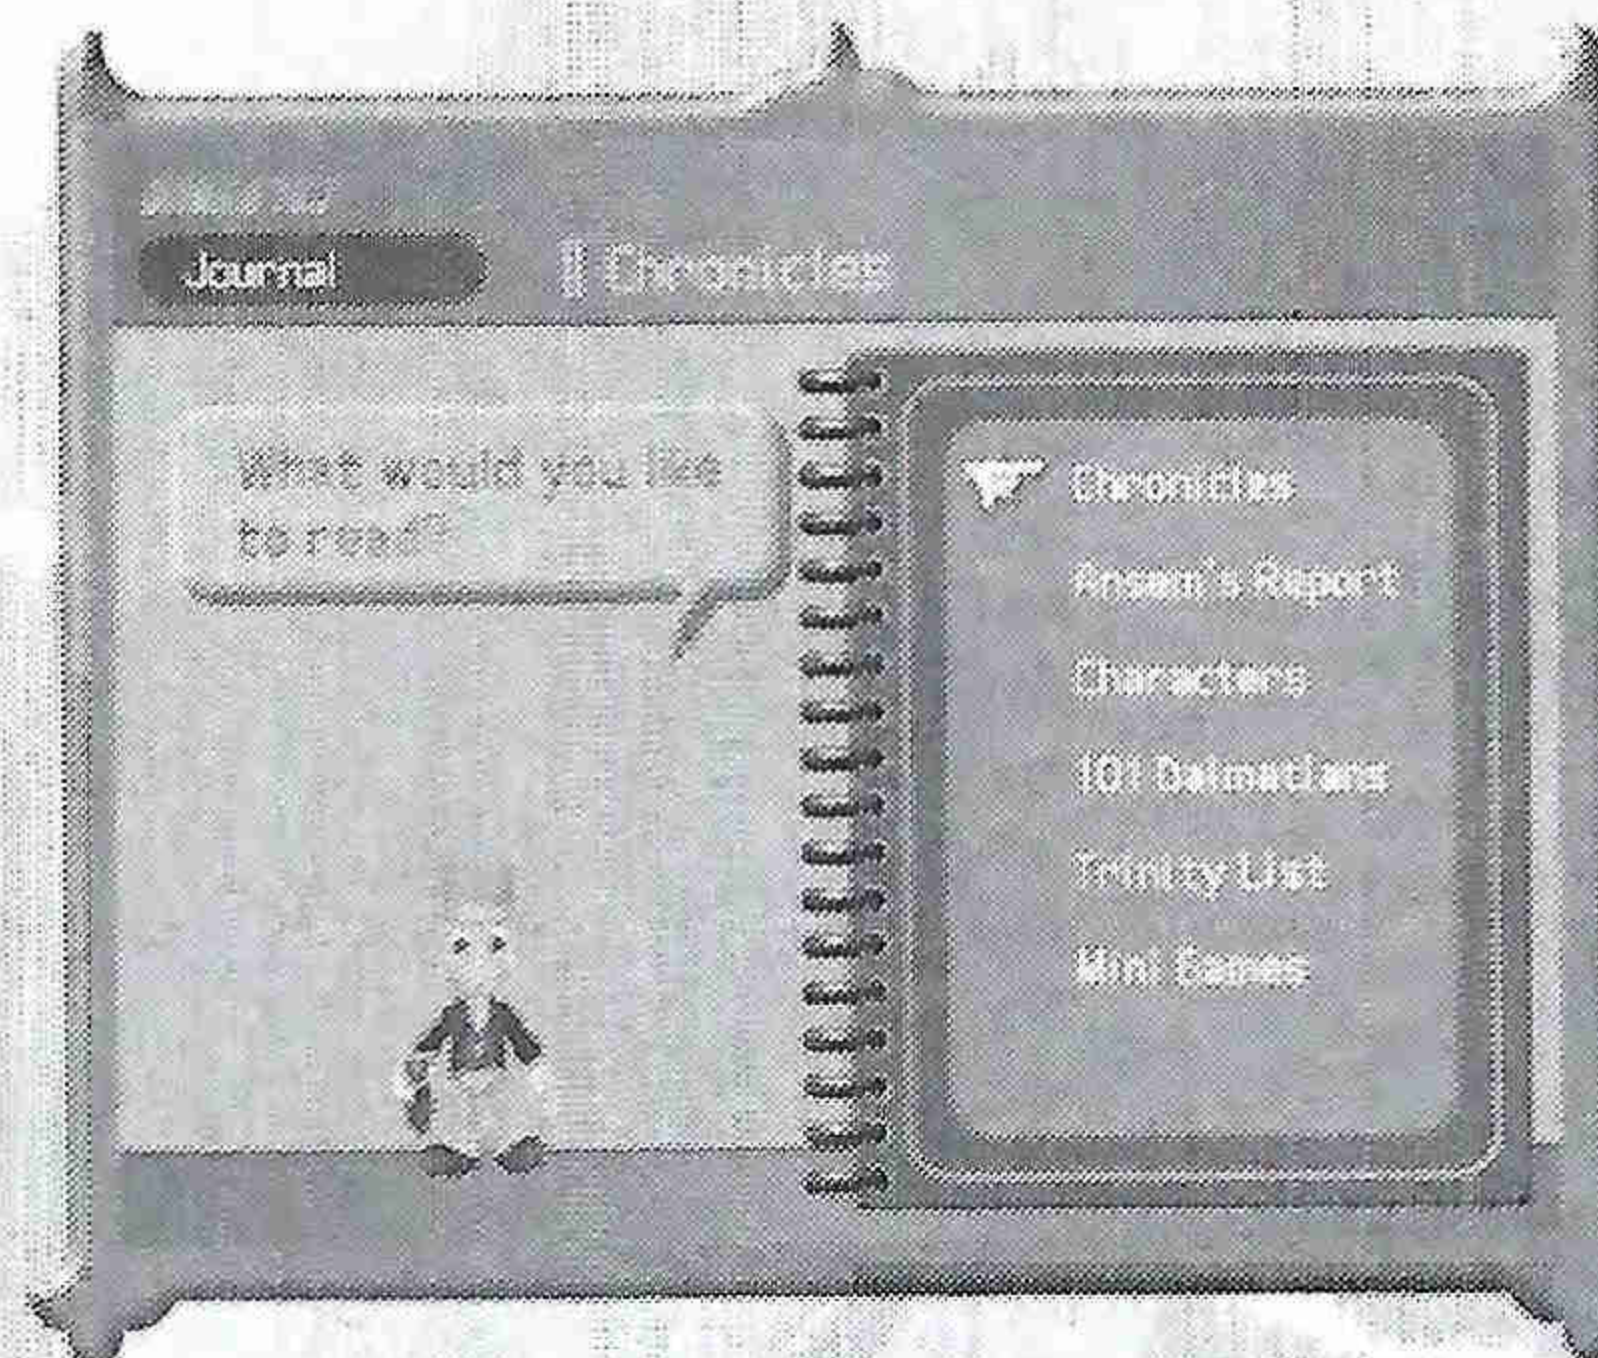

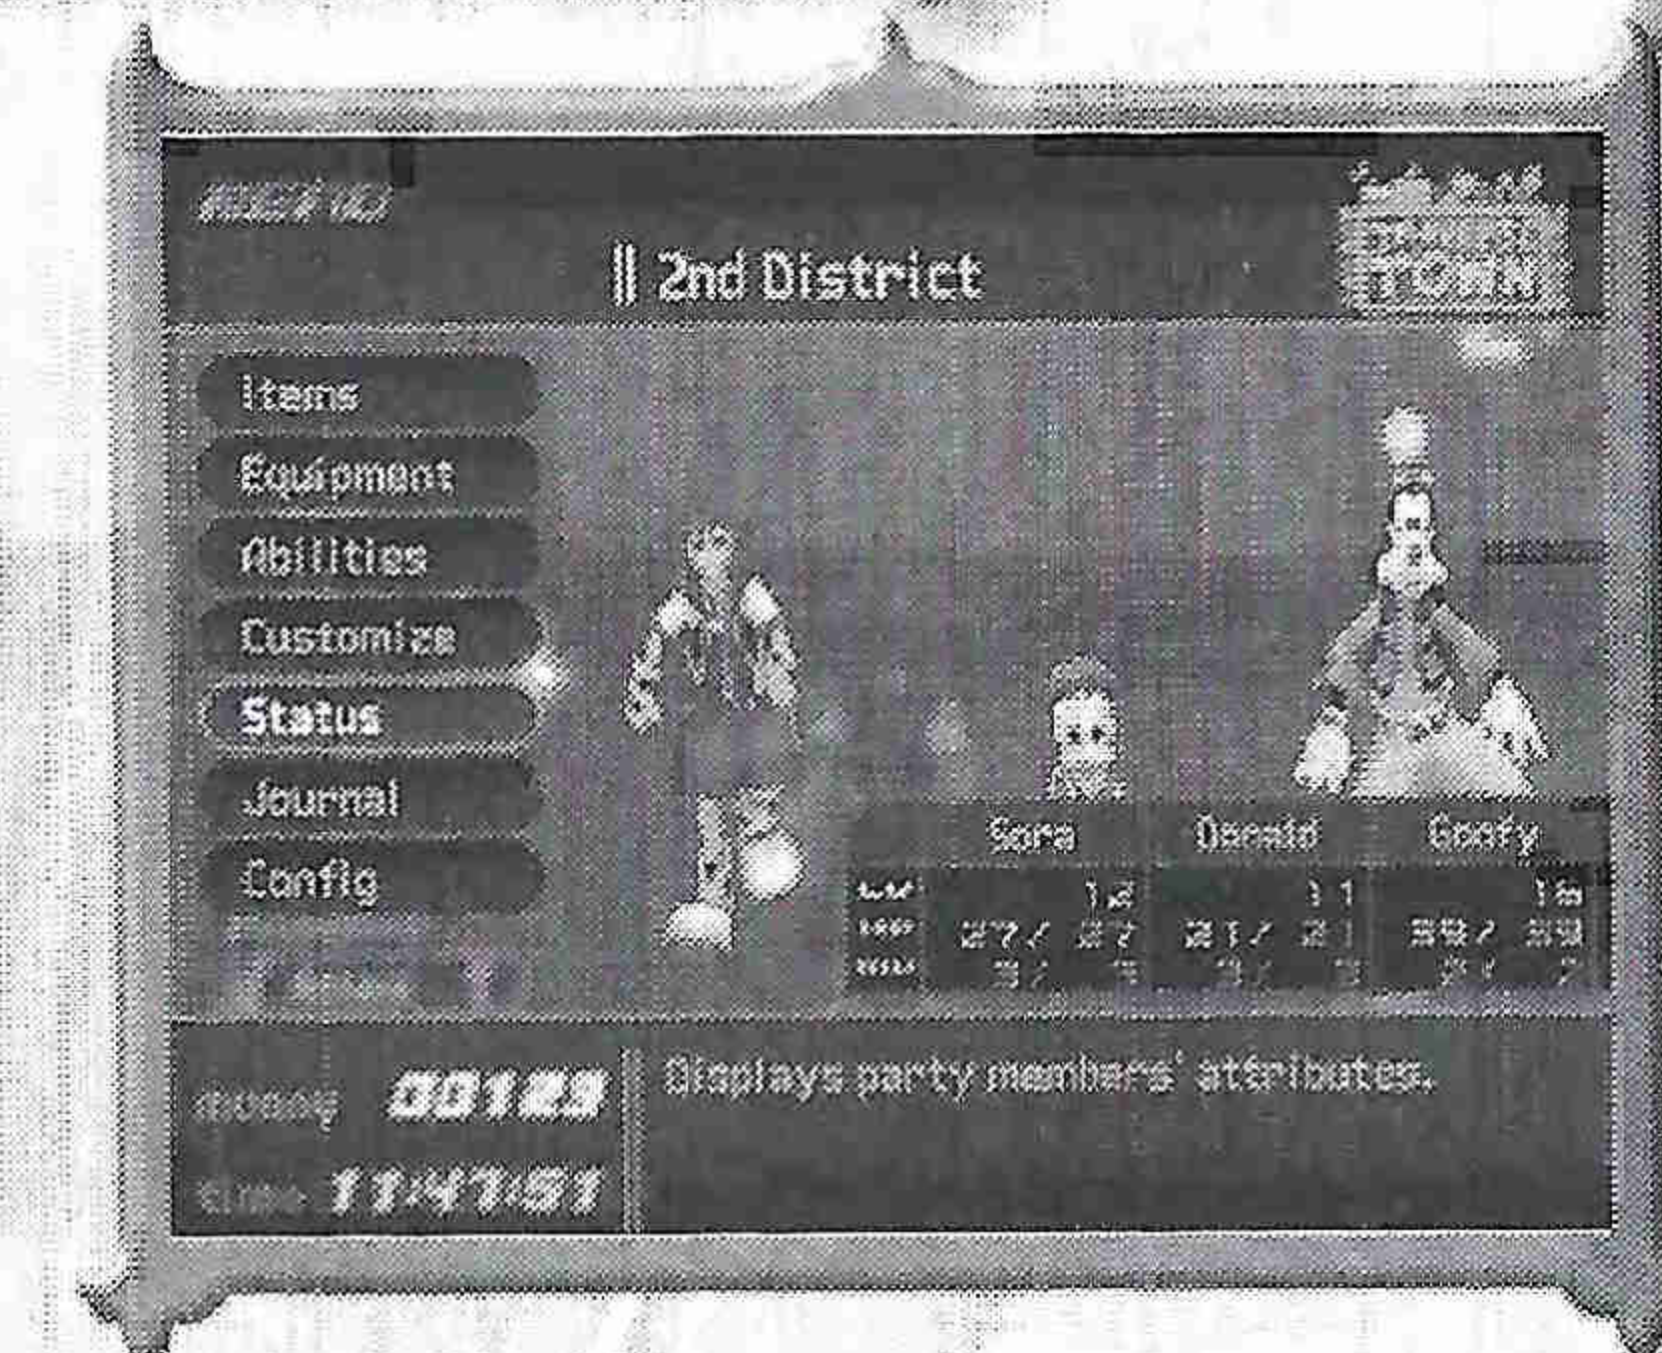

**LOCK ON!**

Press the R1 button to lock on to a target.

Press the L2 or R2 button to cycle through available targets.

## MAIN MENU

Press the START button to display the main menu. (It cannot be accessed during battle and certain other situations.) Here, you can do many things such as use items, equip abilities and items, and customize controls and settings. For more details, refer to the help message for each submenu.

## Jiminy's Journal

Jiminy Cricket records many things in his journal as you progress through the game.

## Config

The Configuration menu allows you to change game settings.

## SORA'S ACTIONS

Sora can perform various actions in different situations. He can hang on to ledges, climb ladders and trees, swim, and so forth.

## BATTLE SYSTEM

Battles take place right on the field map (the same environment you travel through). All battles are real-time; therefore, Sora is susceptible to damage at all times, even while selecting items and spells. The command menu turns red during battle.

## COMBINATION ATTACKS

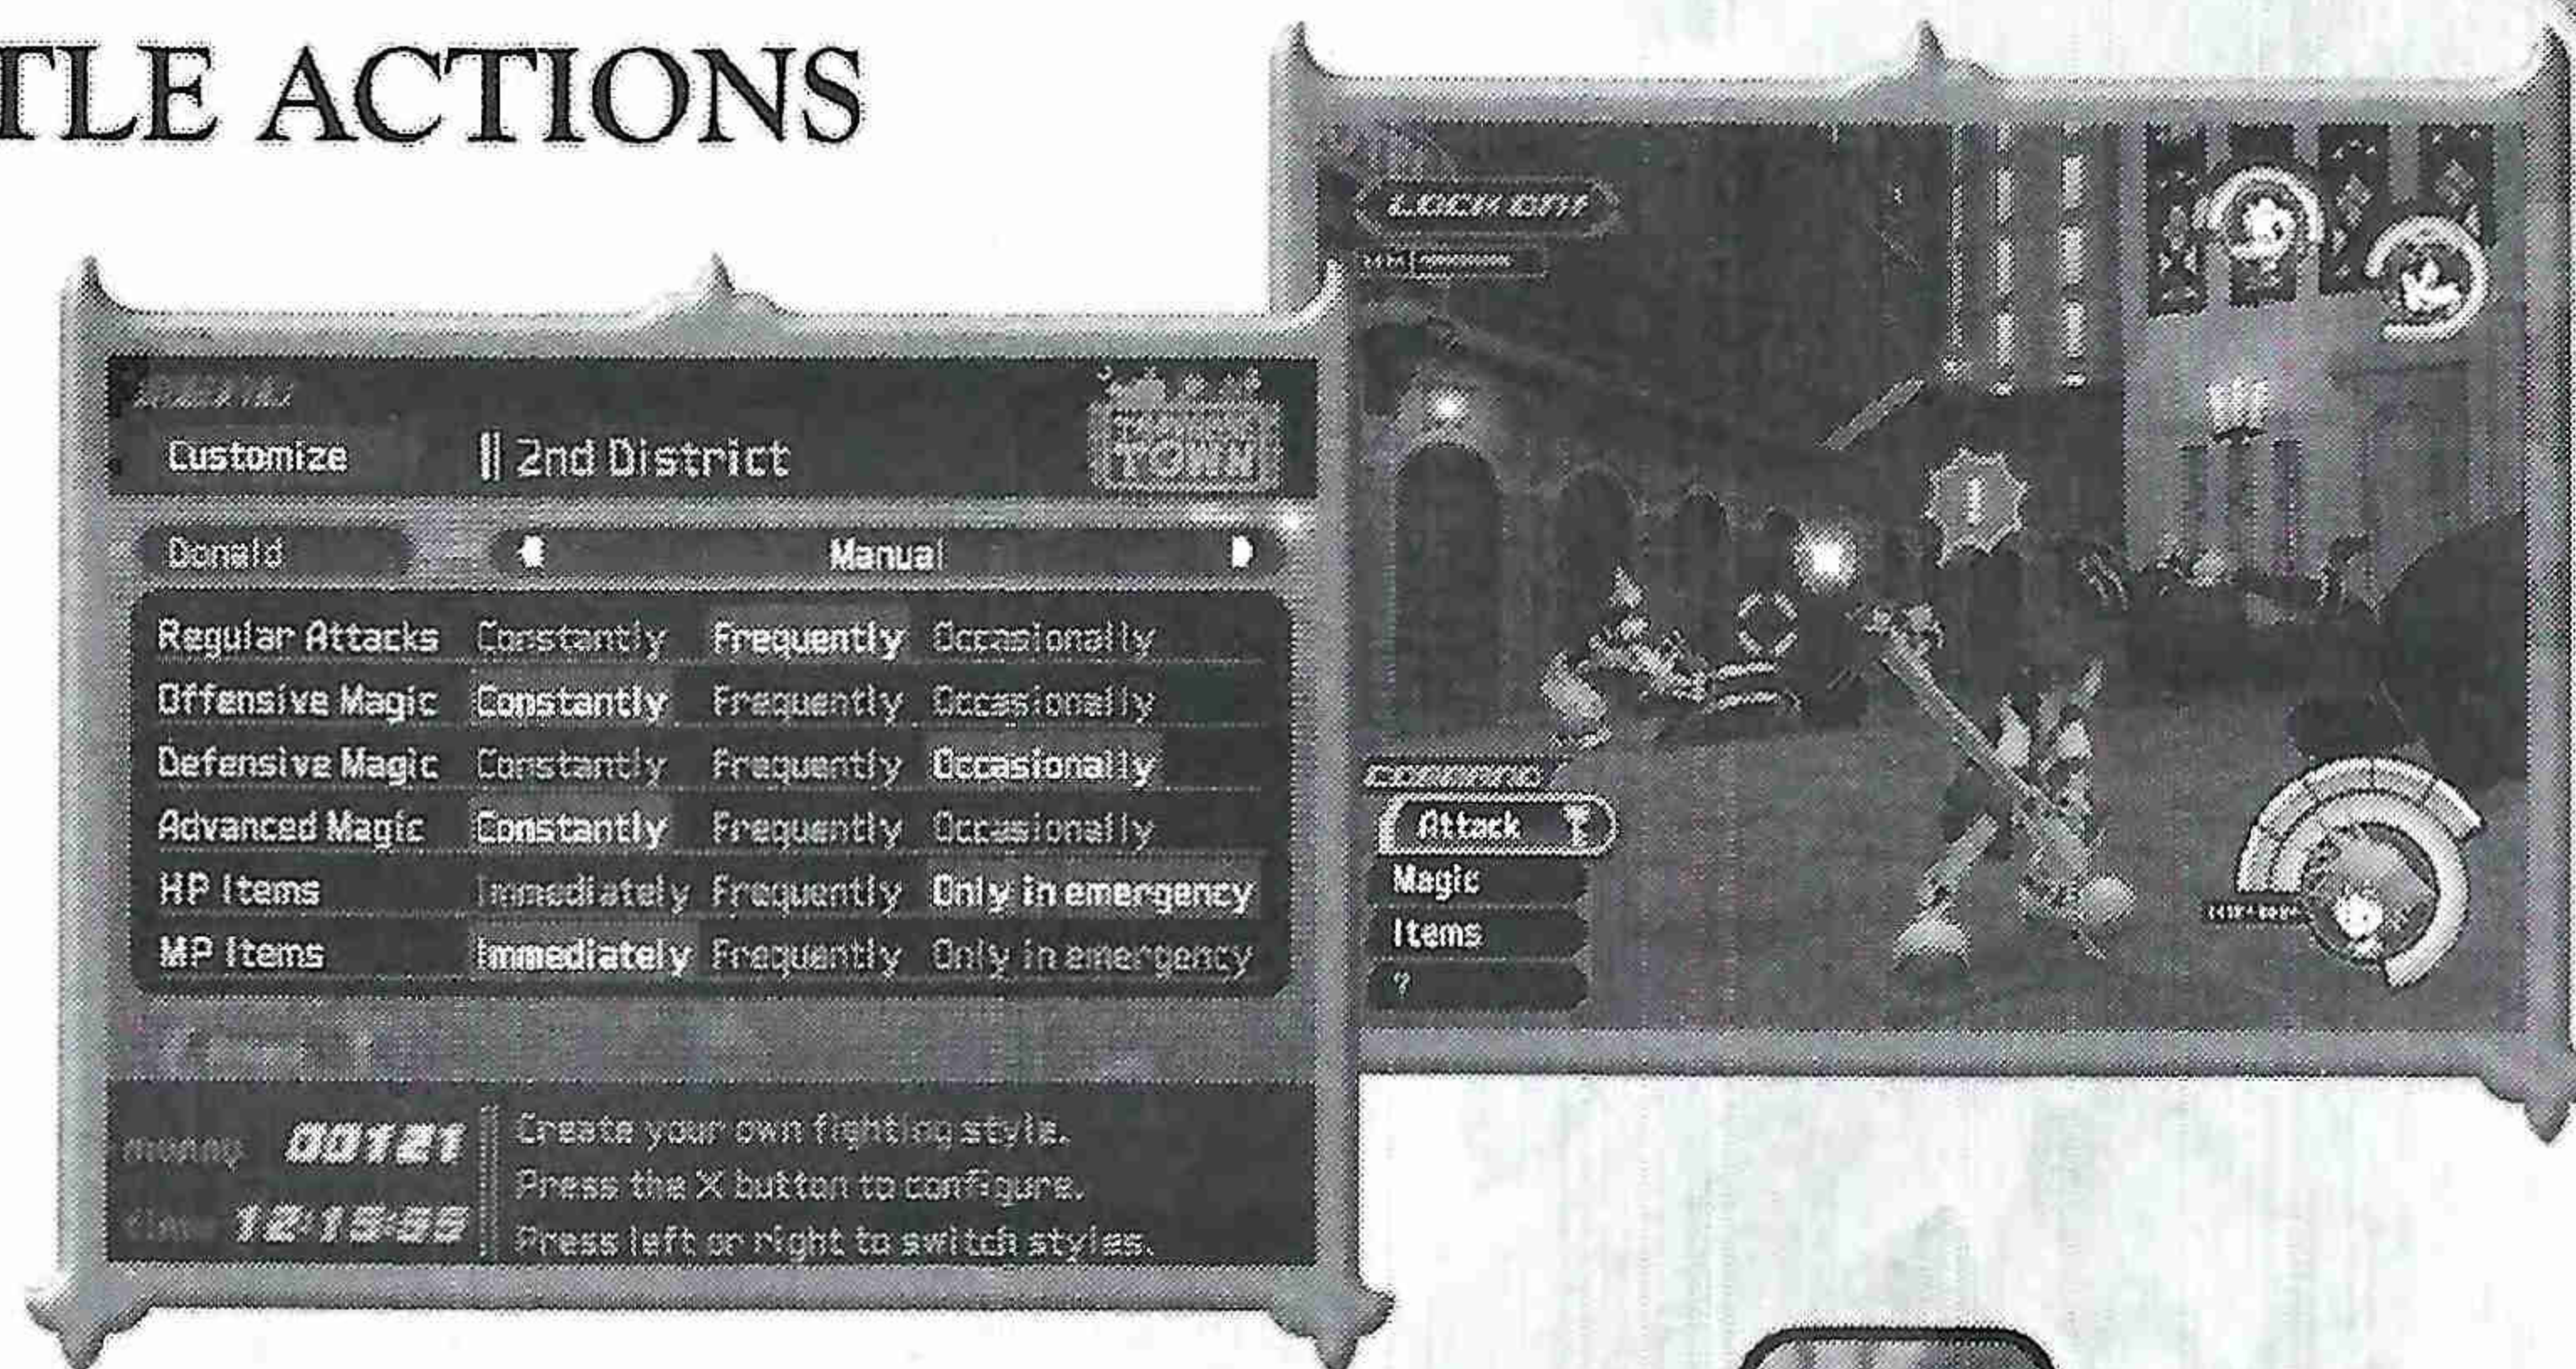

While attacking, press the **X** button at the right time to trigger a combo attack. Besides the basic three-hit combo, there are combination attacks that deal even more blows.

## PARTY MEMBERS' BATTLE ACTIONS

The game system controls your party members. However, you can adjust each member's fighting style in the **Customize** menu, found within the main menu. Press the **△** button to call your friends for help in battle. This feature only works in certain situations.

## EXPERIENCE POINTS AND REWARDS

Earn experience points by defeating enemies. The screenshot at right shows Sora earning 7 experience points. Executing certain actions, like parrying an attack, also yields experience points, in the form of tech points. For details on leveling up, refer to page 13.

### Rewards

Enemies leave various items behind when they are defeated. Some items can only be acquired this way. A few items come in different sizes, with the bigger ones having more value or greater effect.

Restores HP

Munny (currency used to purchase items)

Refills charge gauge

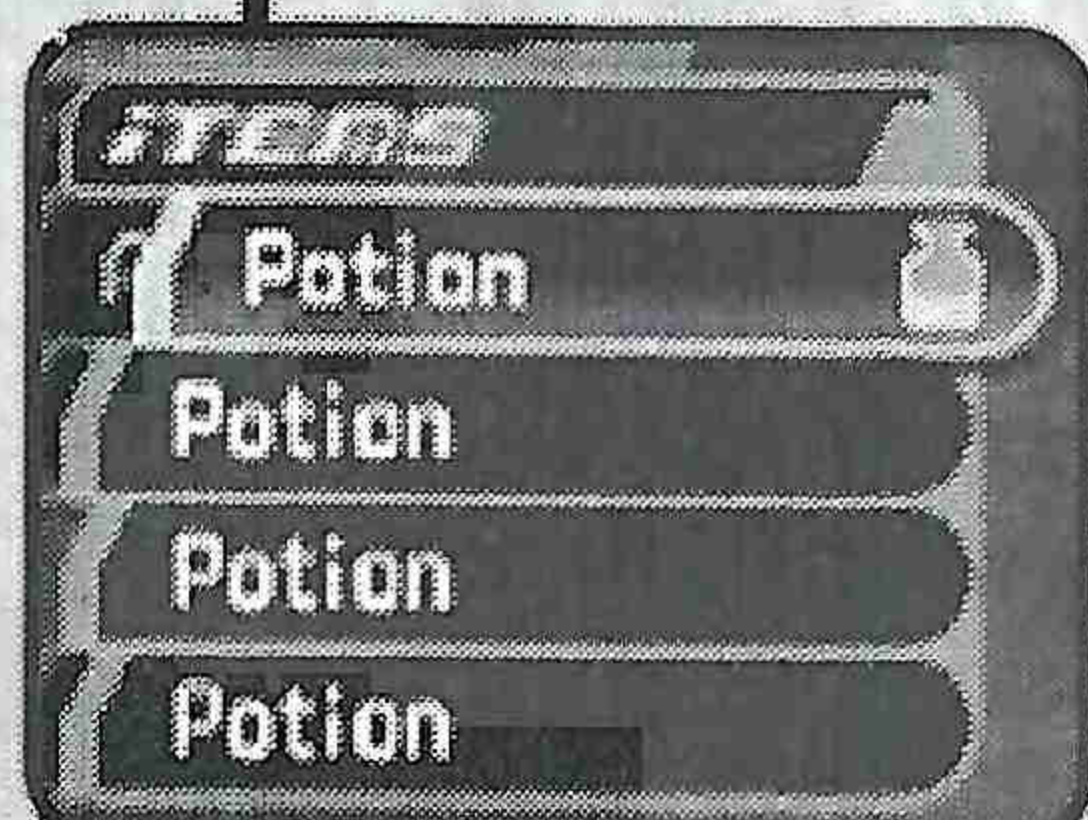

Contains various items, and comes in different colors

## HP AND MP RECOVERY

Certain items, rewards, and magic restore HP. For all party members except Sora, HP are also replenished over time; so if Sora's allies are knocked out (KO'd) in battle, they automatically revive after a while. MP can be restored by using certain items or by filling the charge gauge (by attacking enemies and obtaining rewards). You can completely restore HP and MP by touching save points.

## SAVE POINTS

Save points allow you to save your progress and restore HP and MP, and can be found in many places. There are two types of save points. All Type A points can teleport you to the gummi ship, and they never disappear. Some Type B points cannot teleport you to the gummi ship and may disappear.

Type A

Type B

## SAVE MENU

You can access the save menu at save points. The menu lists the following options:

Save	Save your progress onto a memory card.
Party	Switch party members when there are more than two available to accompany Sora.
Gummi Ship	Board the gummi ship. (See pages 16-19 for more details.) This option does not appear initially, or at all Type B save points.
Menu	Open the main menu.

## EXPLORING

When you stand before a door or passage, a subtitle showing your destination appears. Some doors cannot be opened, while some are simply locked. You cannot exit an area while you have a target locked.

Alleyway

## TREASURE CHESTS

Treasure chests can be found in many places. Most are easy to find, some are not. There are a few that cannot be opened until certain conditions are met. Chests cannot be opened during battle.

## TRINITY MARKS

Keep your eyes open for Trinity Marks on the ground. There are blue, red, yellow, green, and white ones. Touching the mark will prompt the Trinity ability in the command menu if that ability has been attained. (Sora, Donald, and Goofy must all be in the party to use Trinity.)

## LEARNING SPELLS

Learn new spells by clearing stages or completing certain tasks. Learned spells can be viewed by selecting the "Magic" command.

## CASTING SPELLS AND MP

Spells can be cast any time as long as there are sufficient MP. Casting spells with low MP cost decreases the charge gauge before the MP gauge. Casting spells with high MP cost decreases the MP gauge first.

## BASIC SPELLS

Fire	Unleashes a fireball.
Blizzard	Unleashes ice crystals.
Thunder	Calls down lightning.
Cure	Restores a character's HP.

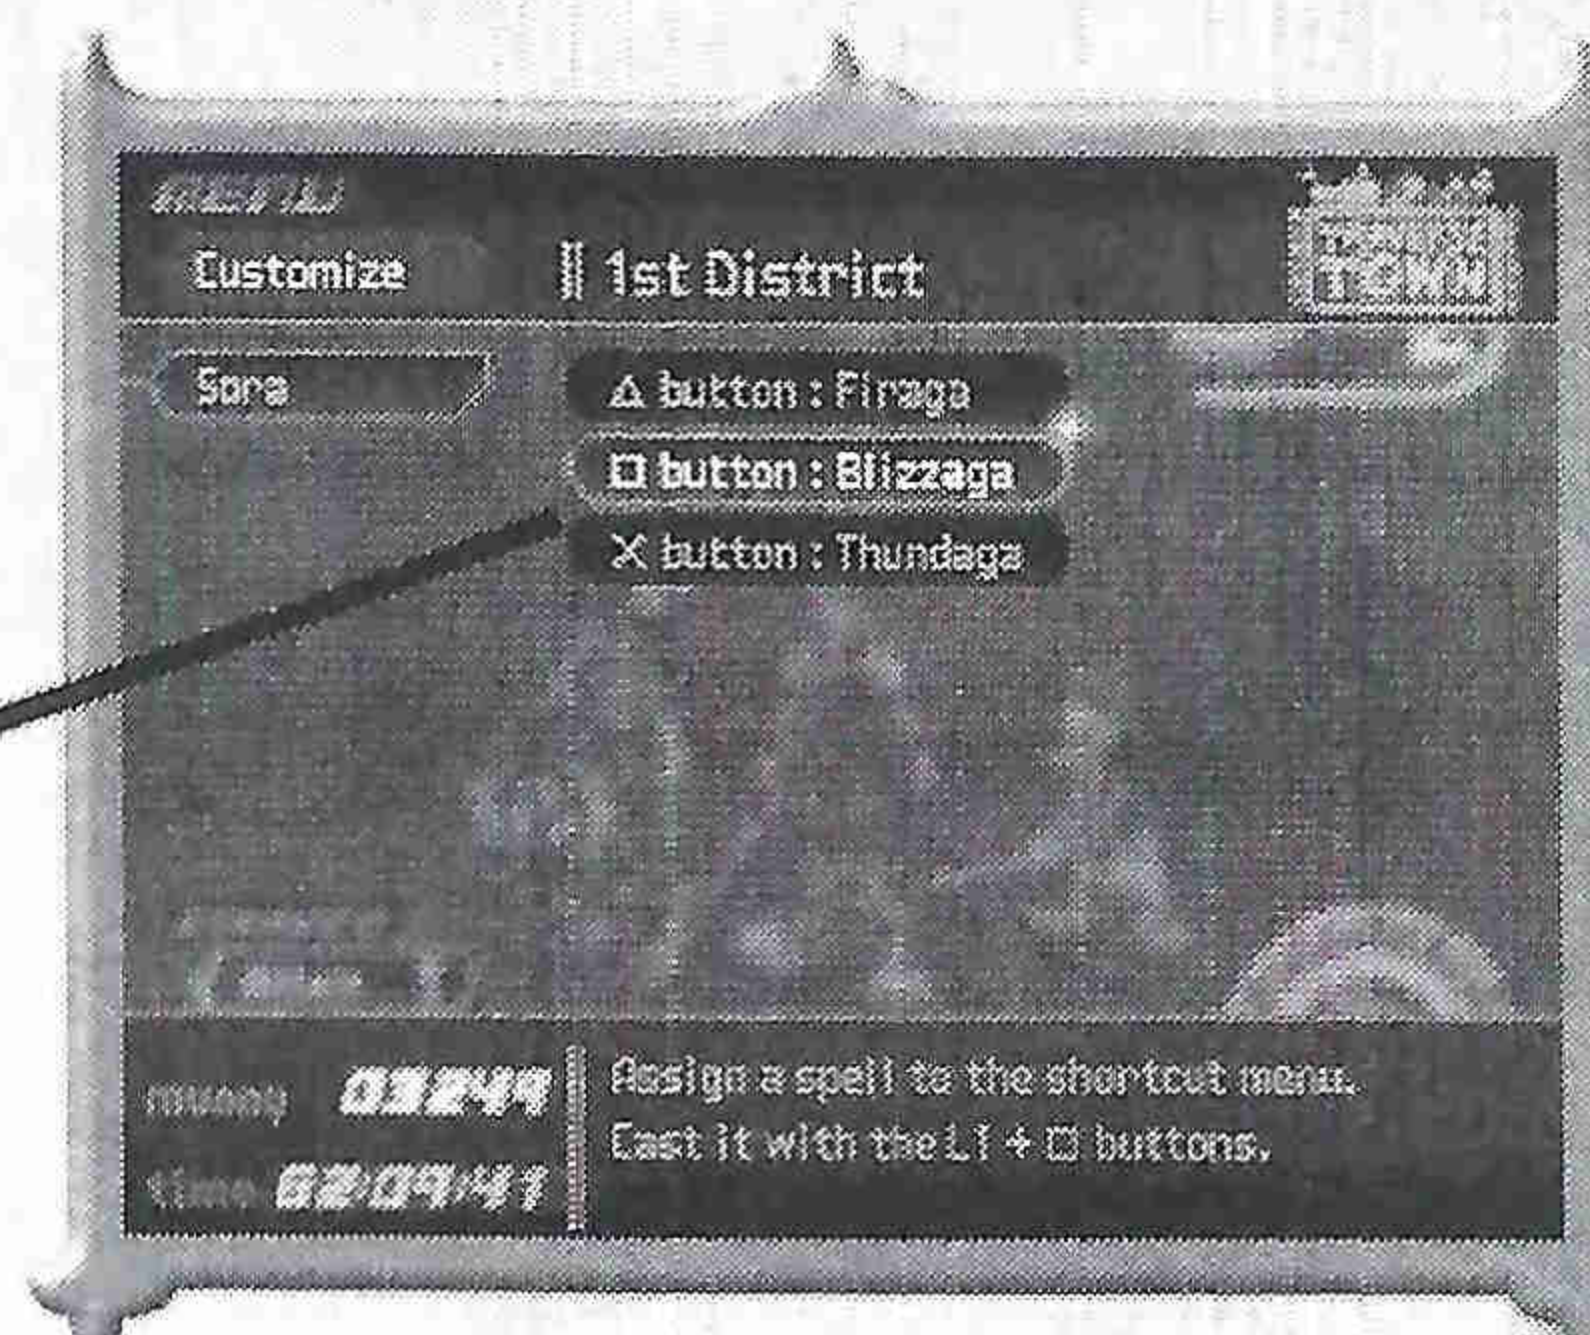

## UPGRADING SPELLS

Spells grow more powerful once you've cleared key events or defeated certain enemies. Their MP cost remains the same, however.

## CUSTOMIZING THE MAGIC SHORTCUT MENU

In the main menu, select "Customize" to assign spells to shortcut buttons. Press the shortcut button while holding down the L1 button to cast the assigned spell. This makes casting much quicker and easier.

## LEARNING SUMMON SPELLS

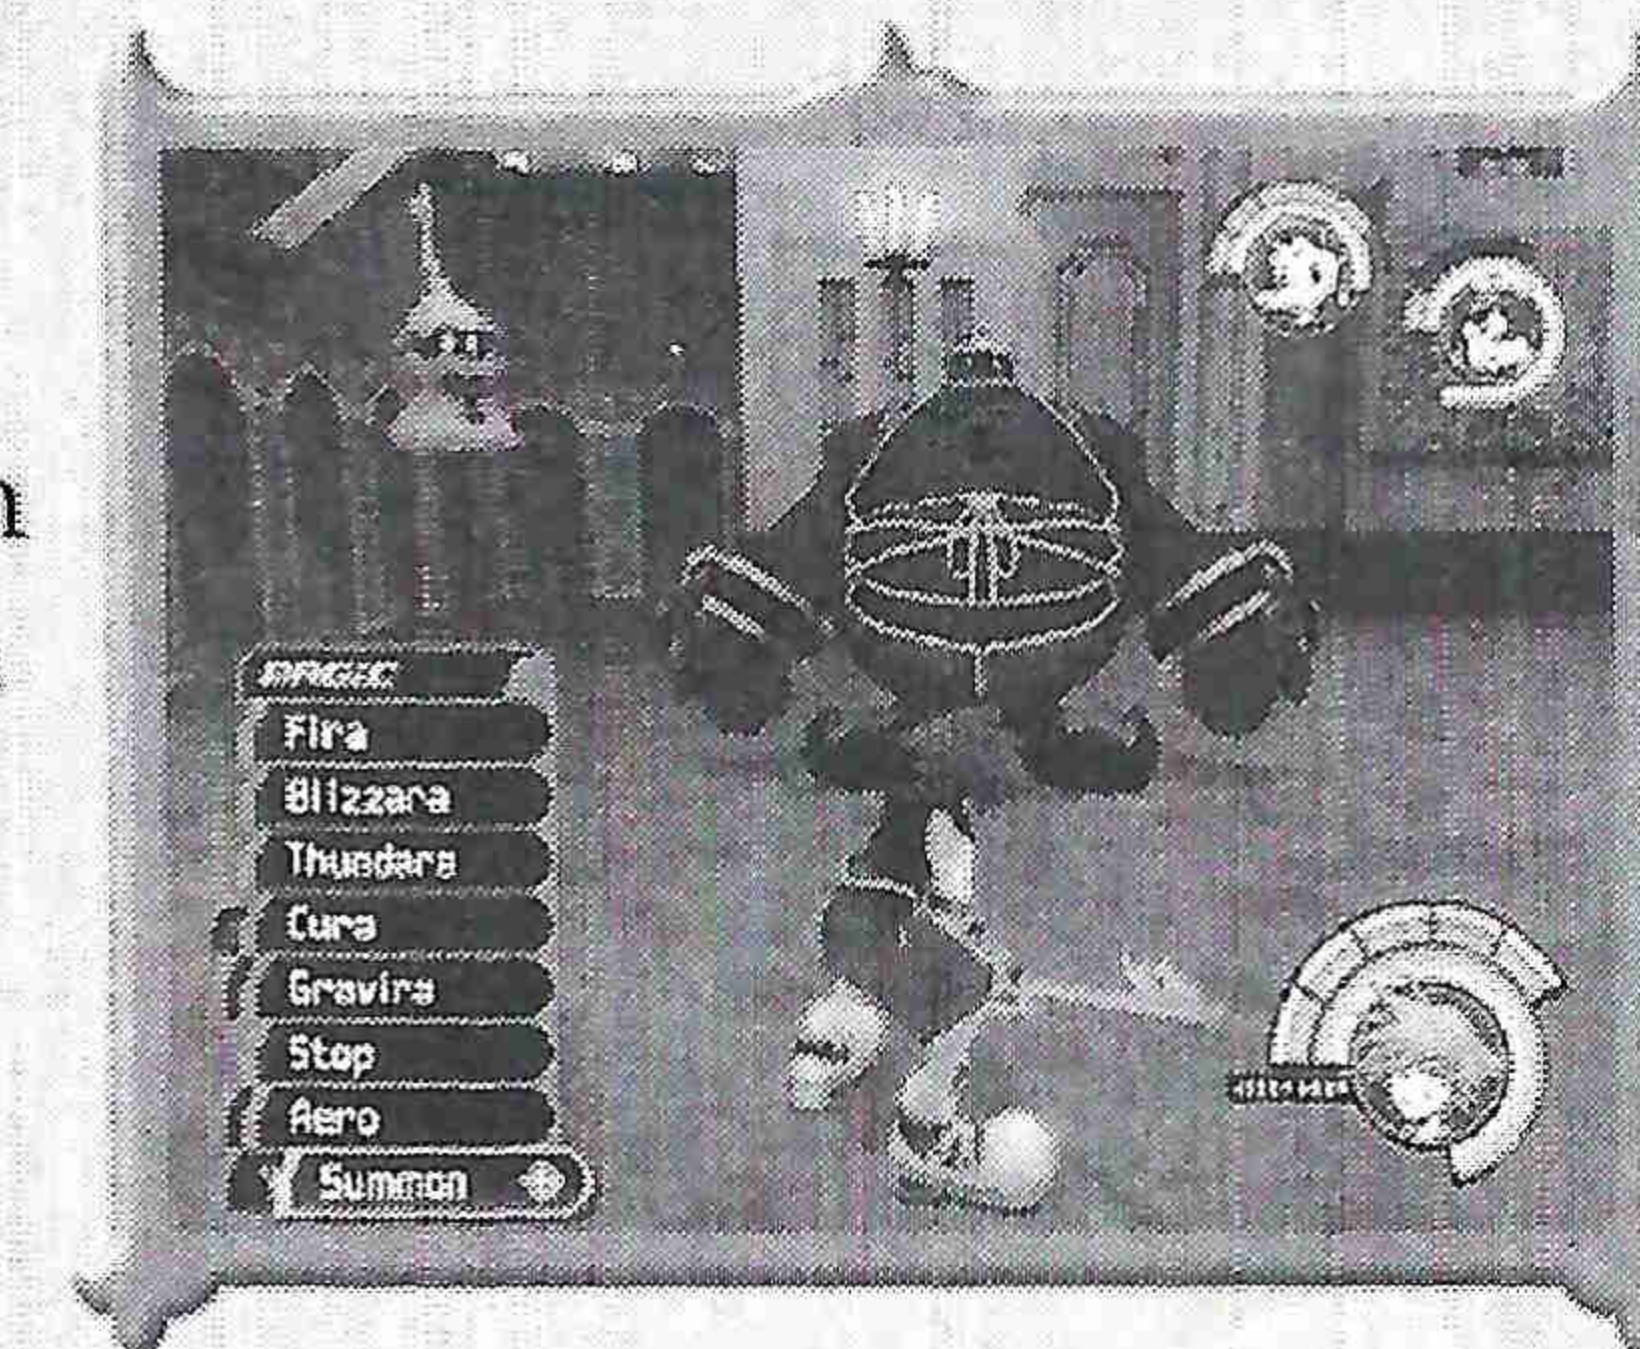

Learn summon spells by clearing a stage or giving a summon gem to the Fairy Godmother. Each summoned character holds unique powers. Summon Dumbo and other friends in battle and see for yourself.

## CALLING SUMMONED CHARACTERS

Learned summon spells can be viewed during battle by selecting the "Magic" command, then "Summon." To access the Summon menu, both of Sora's allies must be conscious. You can summon them as long as there are sufficient MP. Each summon spell can only be used once per battle.

Summoned characters provide great support in battle, both offensively and defensively.

## SUMMONED CHARACTERS IN BATTLE

There are many different summoned characters. Each performs a unique action in battle. Below are just two examples.

## Dumbo

To summon Dumbo, select his name from the Summon menu during battle. When he appears, Sora's allies temporarily disappear. The "Attack" command changes to "Splash" while Sora and Dumbo act as one. Fighting together, they are invulnerable to enemy attacks.

Dumbo's MP gauge appears in the upper right corner of the screen. The gauge decreases with time, and when it reaches zero, Dumbo leaves. You can also send him away sooner by selecting the "Dismiss" command in the Magic menu.

## Bambi

When Bambi is summoned, Sora's allies temporarily disappear. The young prince scatters various items about as he prances around the battlefield. The more enemies Sora defeats, the more Bambi's charge gauge increases, resulting in better items. The type of items Bambi drops varies by area.

## LEARNING ABILITIES

Abilities allow you to do various things. Learn them by clearing a stage or leveling up your characters. There are both individual and shared abilities.

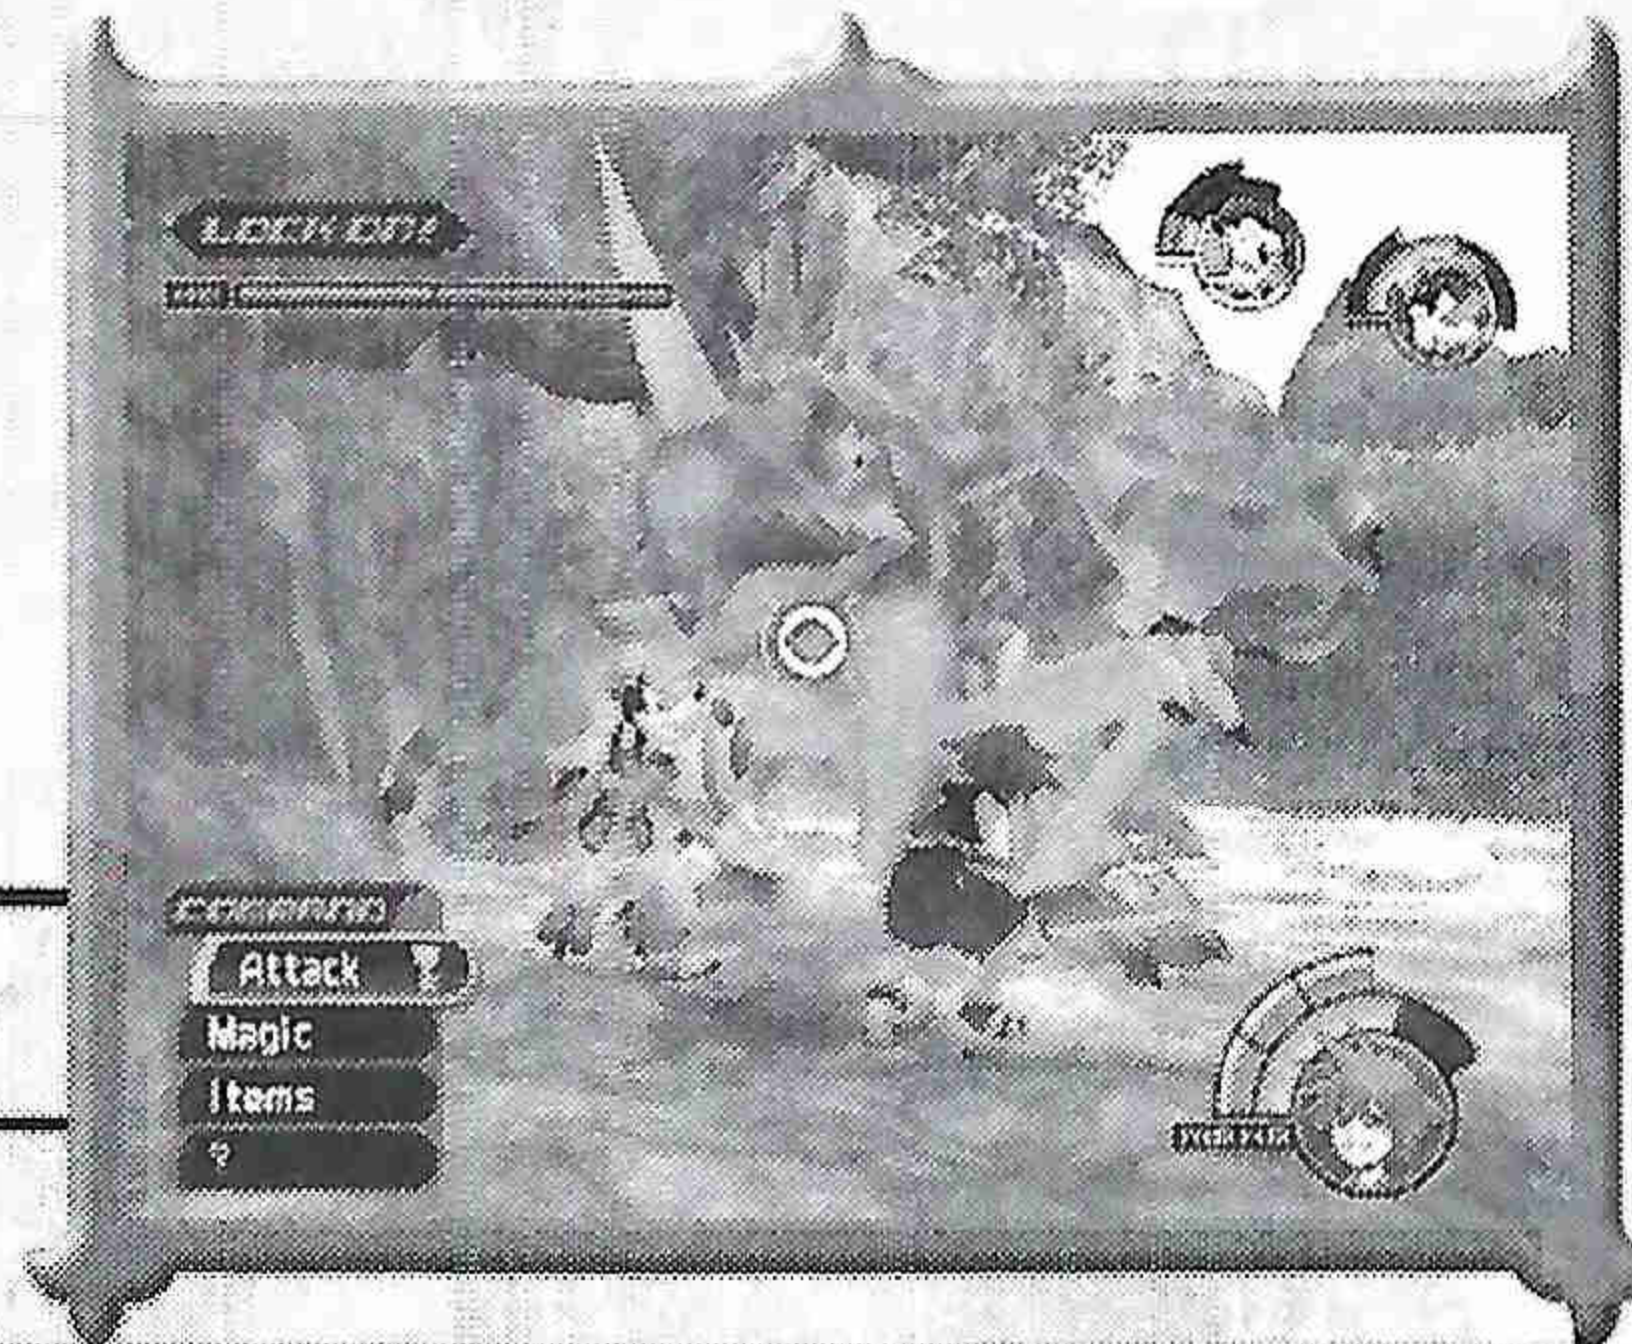

## EQUIPPING ABILITIES

To use learned abilities, you must first equip them in the Abilities menu. Some abilities require Ability Points (AP) in order to be equipped. Leveling up your characters or equipping certain items raises max AP.

## TYPES OF ABILITIES

There are several types of abilities: those that remain active at all times, those that become active only in battle, and those that become active only under certain conditions.

<b>Combo Plus</b>	Extends ground combo attack by one step.
<b>Scan</b>	View an enemy's HP gauge during battle.
<b>High Jump</b>	Powers up your jump, allowing you to reach higher places. (Shared ability.)
<b>Sonic Blade</b>	Slash an enemy while rushing past. Select follow-up attack at right time for a combo.

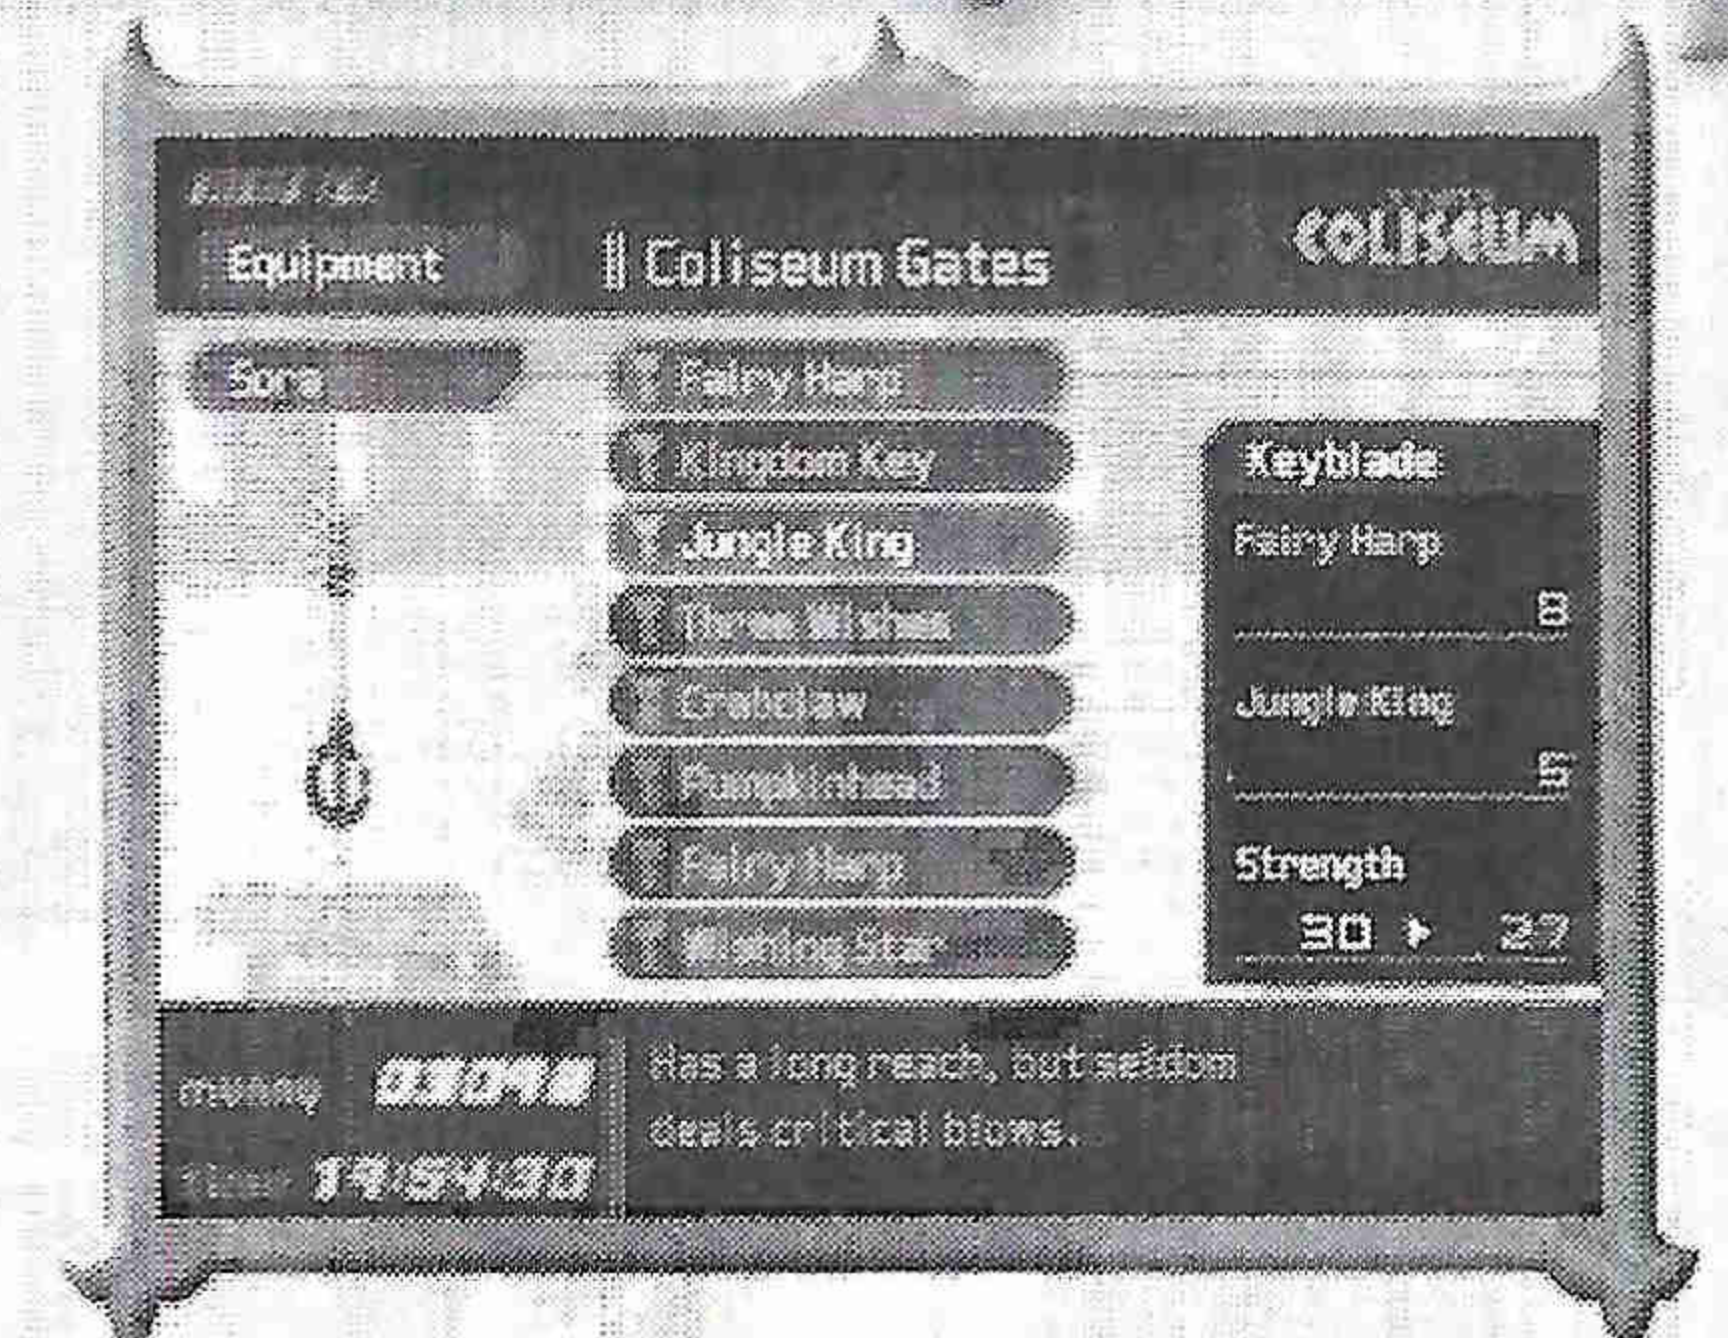

## SPECIAL ABILITIES

Some abilities cannot be used until certain conditions are met during battle. For more details on special abilities, refer to the help messages in the Abilities menu.

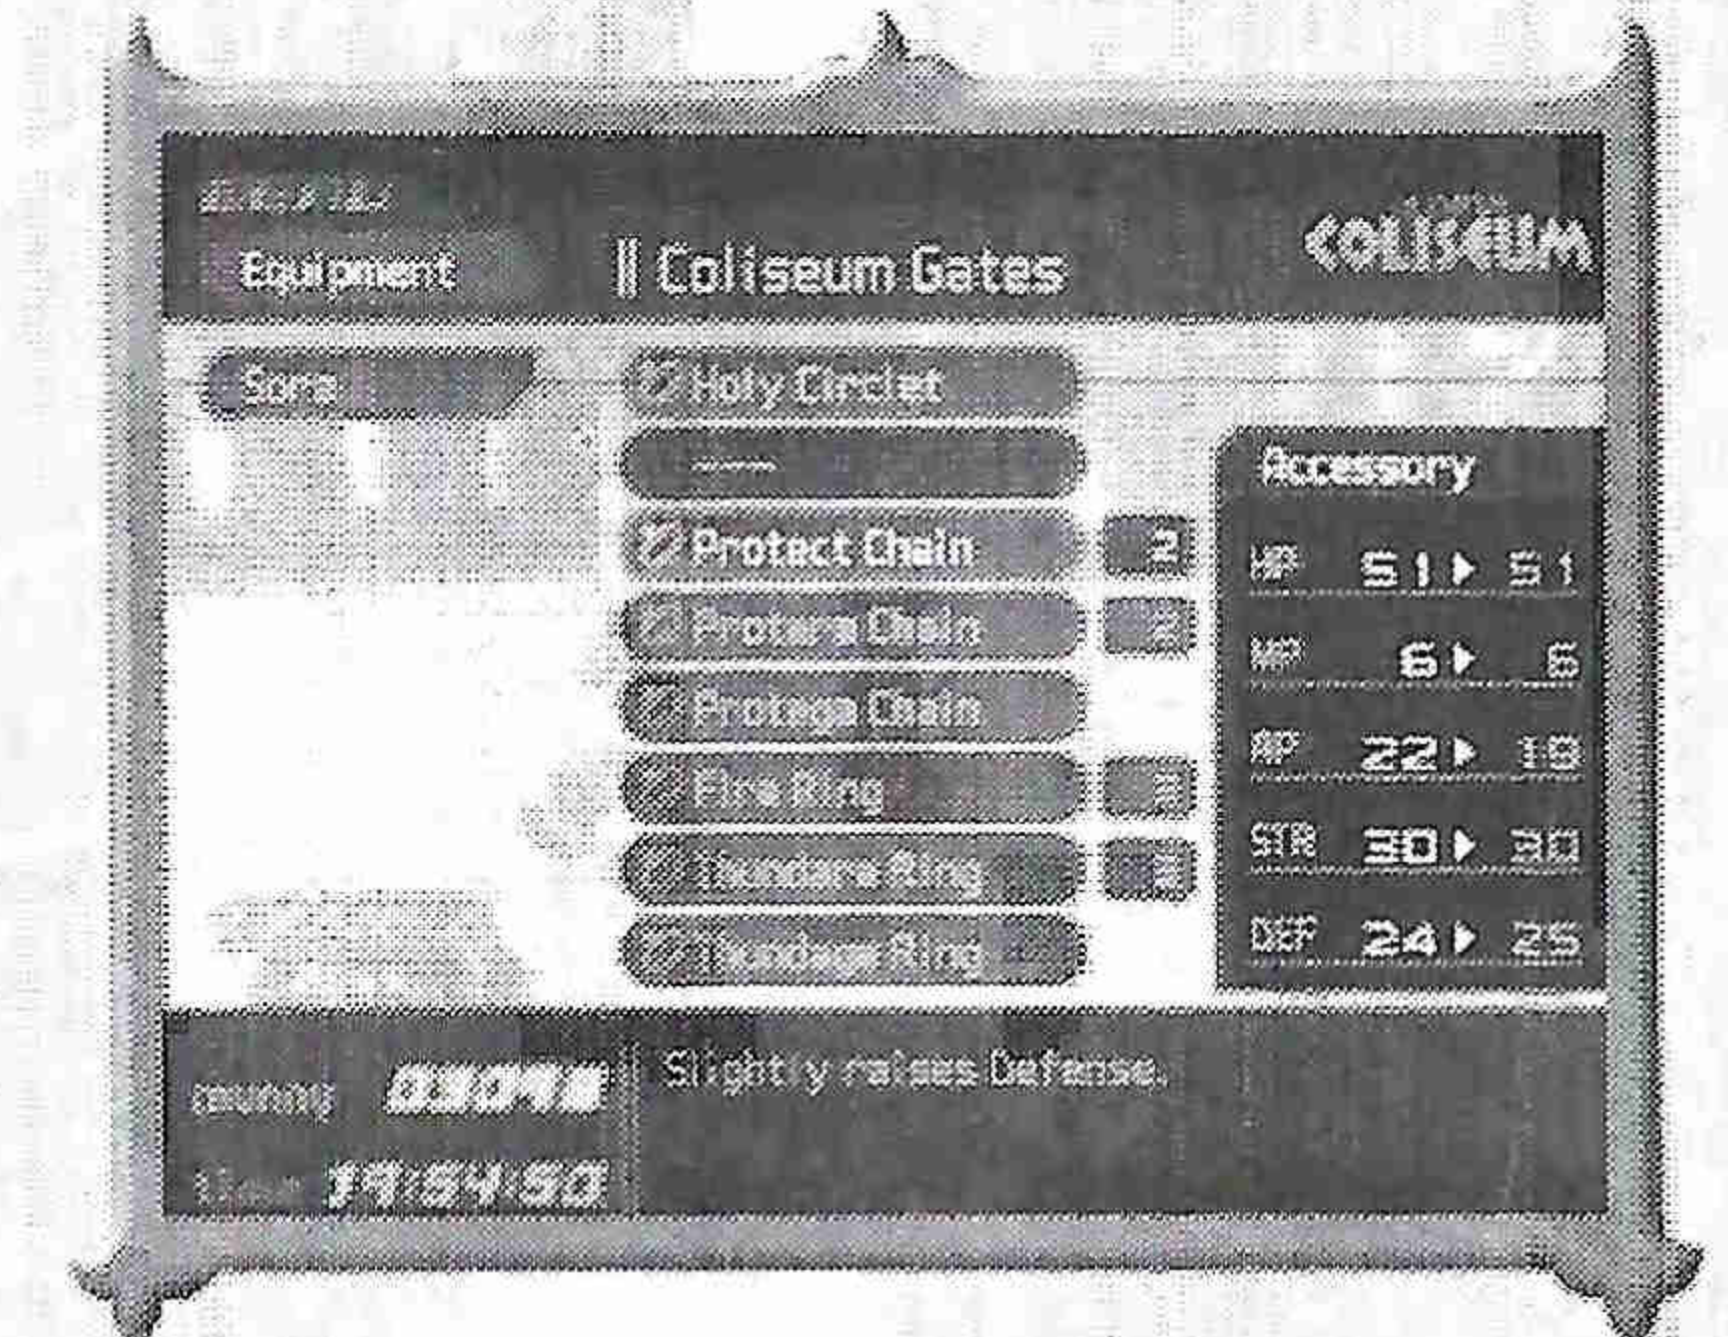

## EQUIPPING WEAPONS

To change weapons, access the Equipment menu. Visit shops, unlock treasure chests, or clear a stage to obtain various weapons. Sora's Keyblade is unique, the only weapon of its kind. However, it can be modified with key chains acquired through certain events.

## EQUIPPING ACCESSORIES

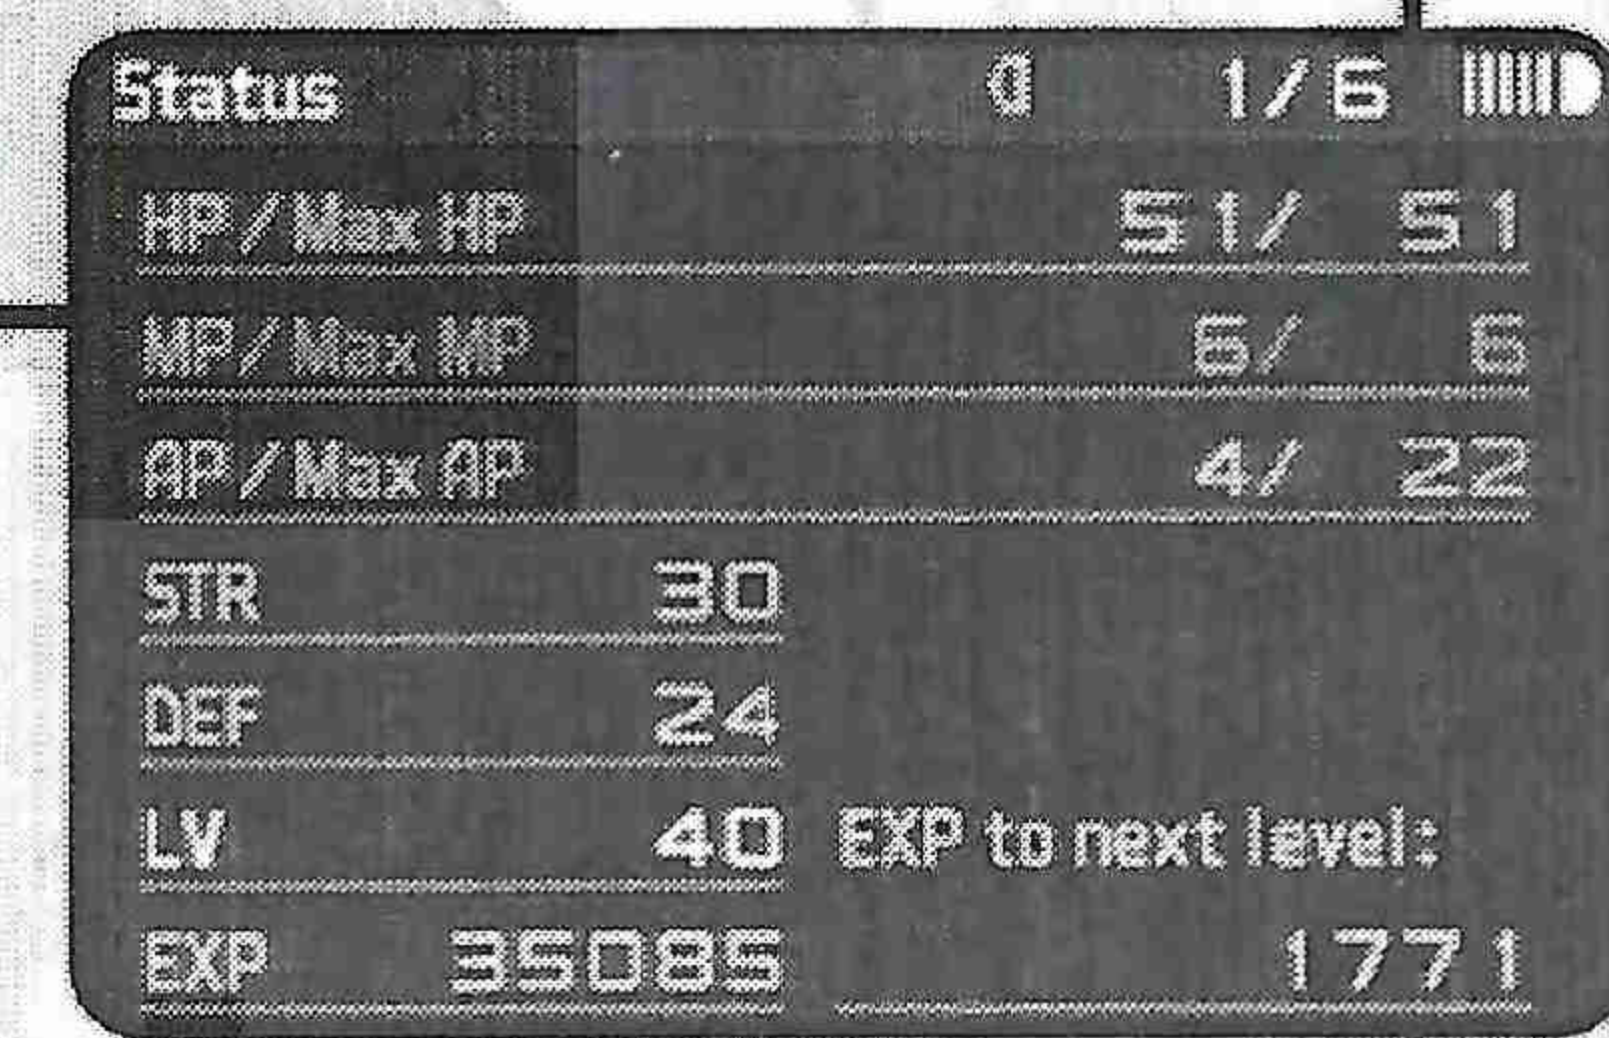

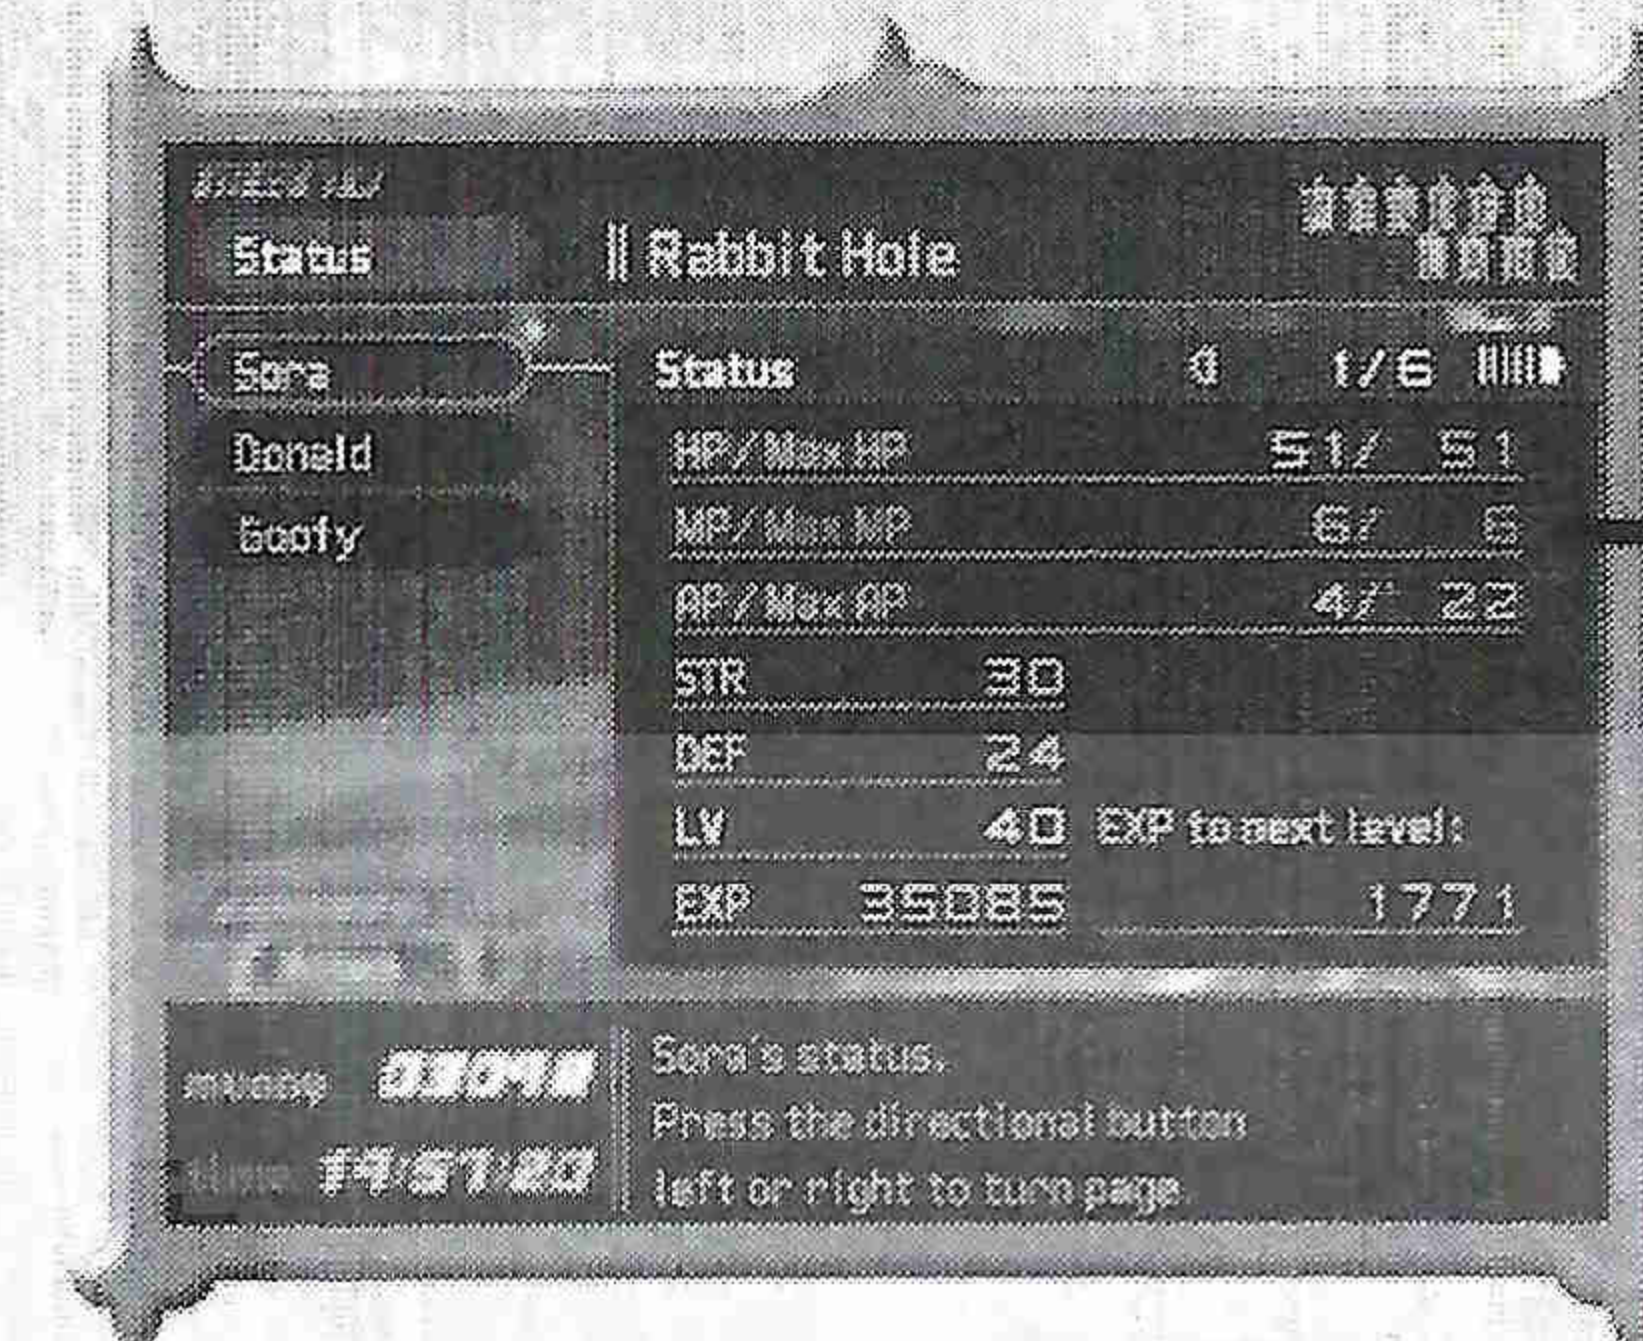

Equipping accessories can raise a character's defense, HP, MP, and so forth. Find them in treasure chests and at shops. Clearing a stage may yield accessories, too.

## STATUS AND LEVELING UP

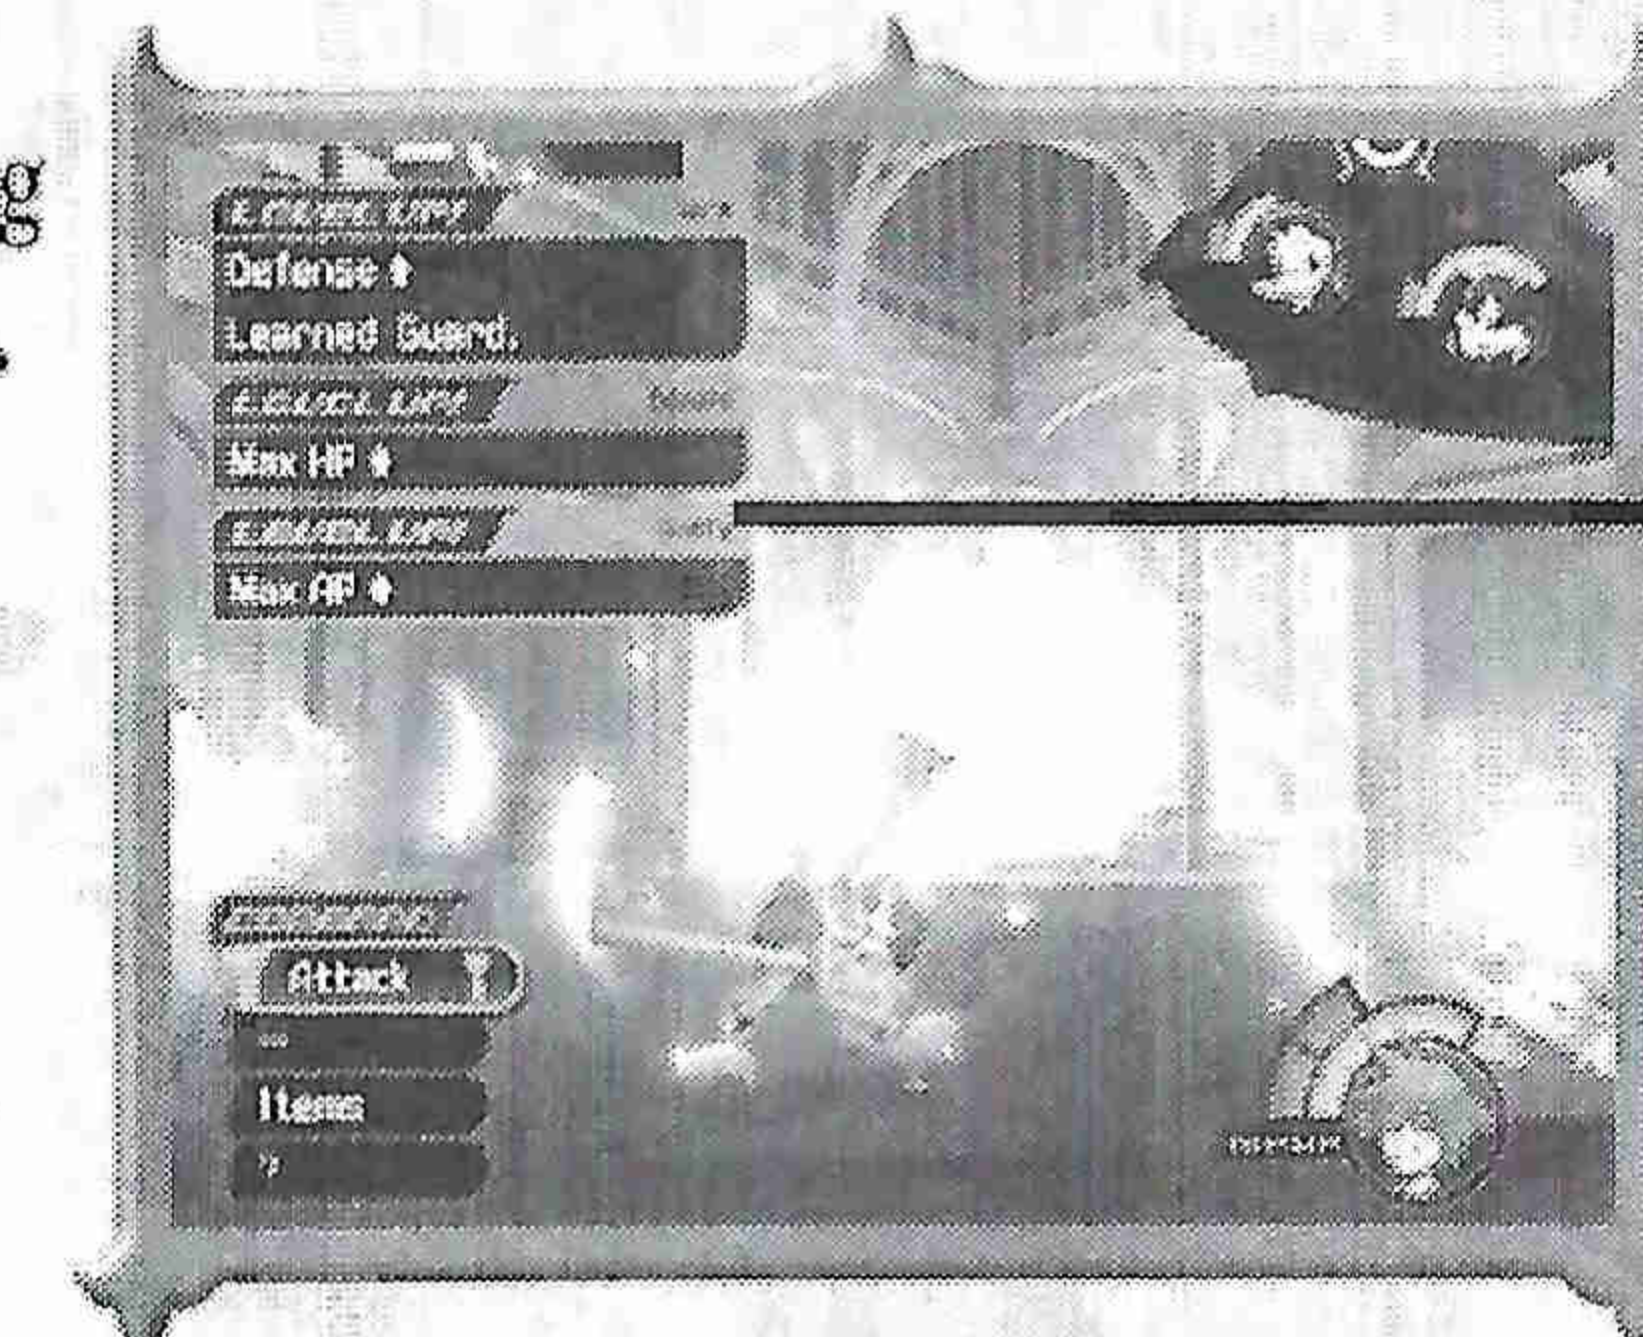

### Status Screen

The status screen displays a character's statistics, equipment, items, abilities, and summons.

### Leveling Up

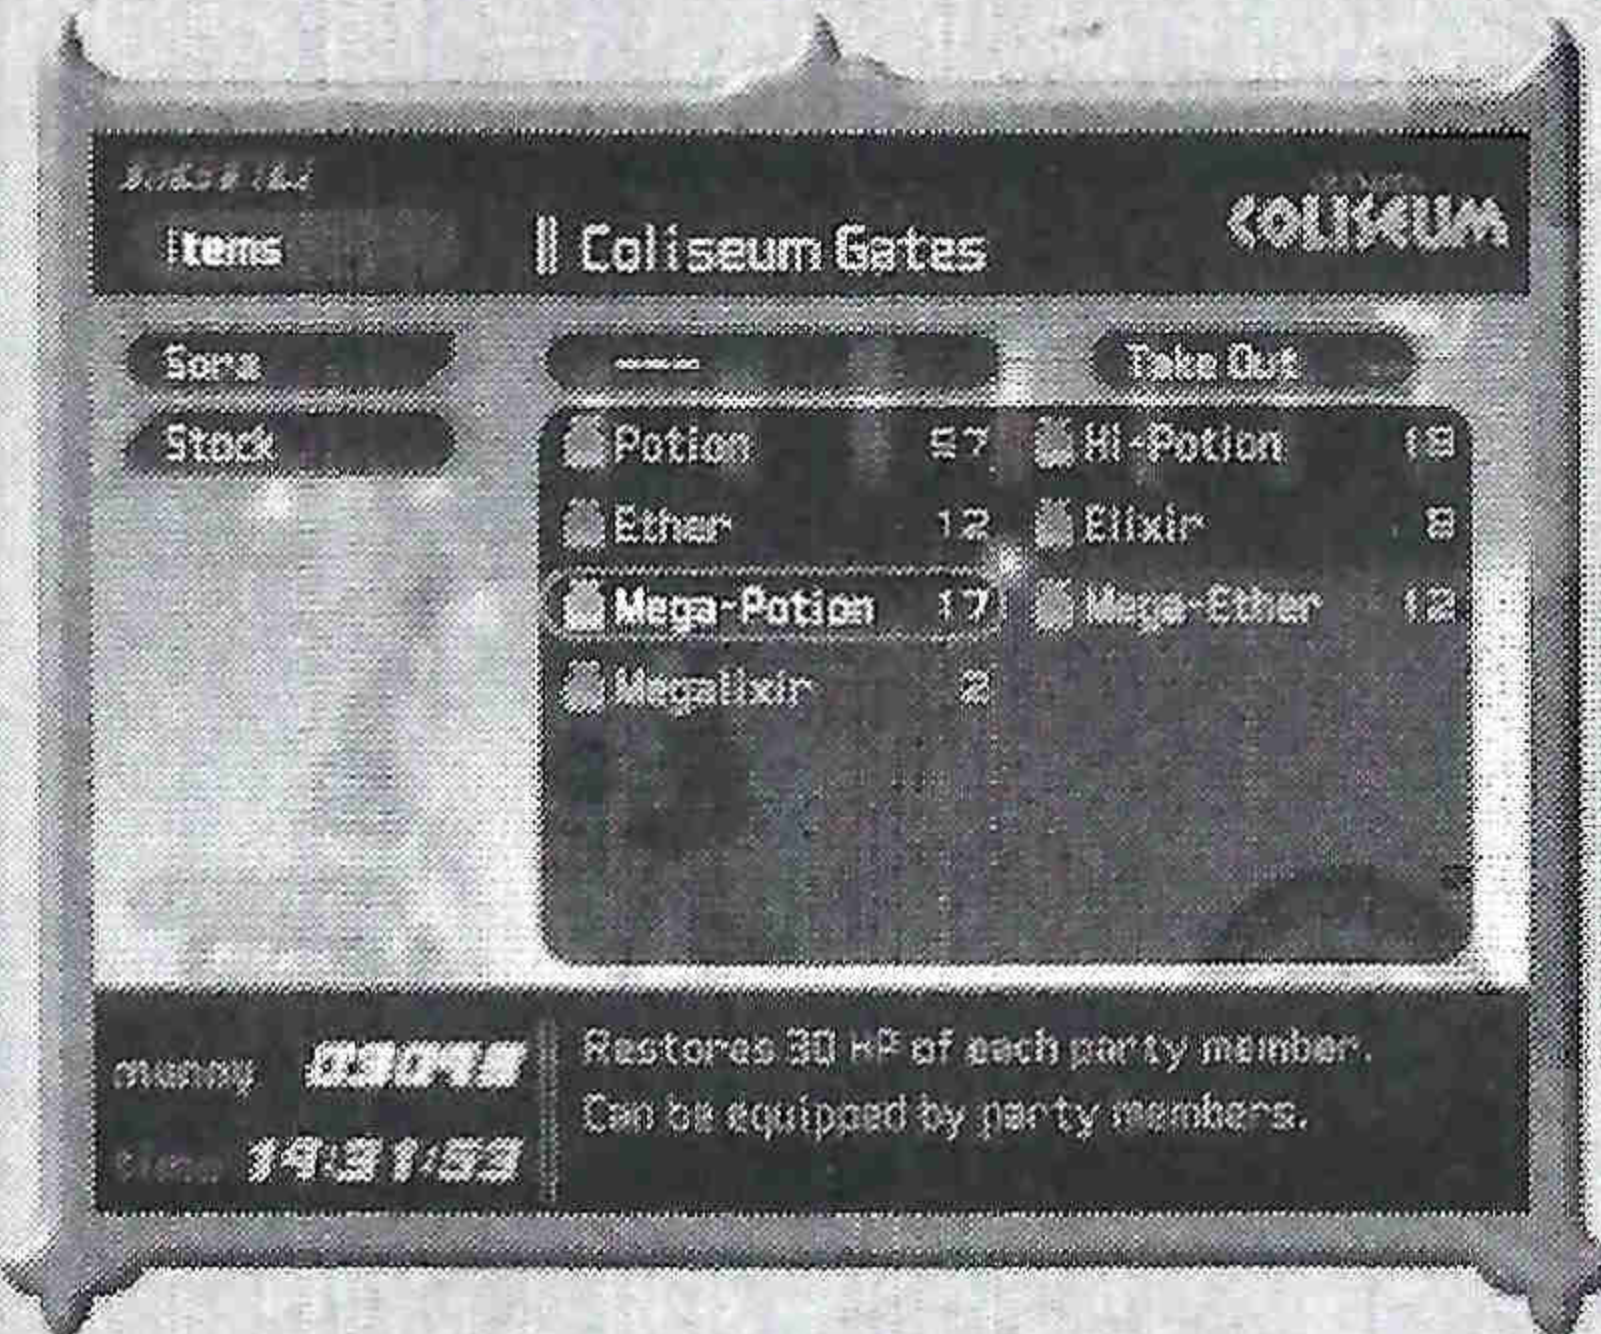

Characters gain a level after earning enough experience points in battle. The points are distributed to all party members, regardless of whether they are currently in the active party. Characters' statistics—such as max HP, max MP, max AP, strength, and defense—increase as they level up.

## OBTAINING ITEMS

You can obtain all sorts of items by unlocking treasure chests, picking up rewards from defeated enemies, or buying them at shops.

## EQUIPPING AND USING ITEMS

To use or equip items, access the **Items** menu from the main menu. Equipped items like Potions and Ethers can be used in battle by selecting the **Items** command. Characters besides Sora will use these equipped items automatically during battle. All items acquired outside of battle go into the **Stock** menu.

## BASIC ITEMS

Potion	Restores some HP.
Hi-Potion	Stronger version of Potion.
Ether	Restores some MP.
Elixir	Fully restores a character's HP and MP.
Tent	Fully restores the party's HP.

## SHOPS

There are a few shops where you can buy and sell items. Some shops may be closed at the beginning of the game.

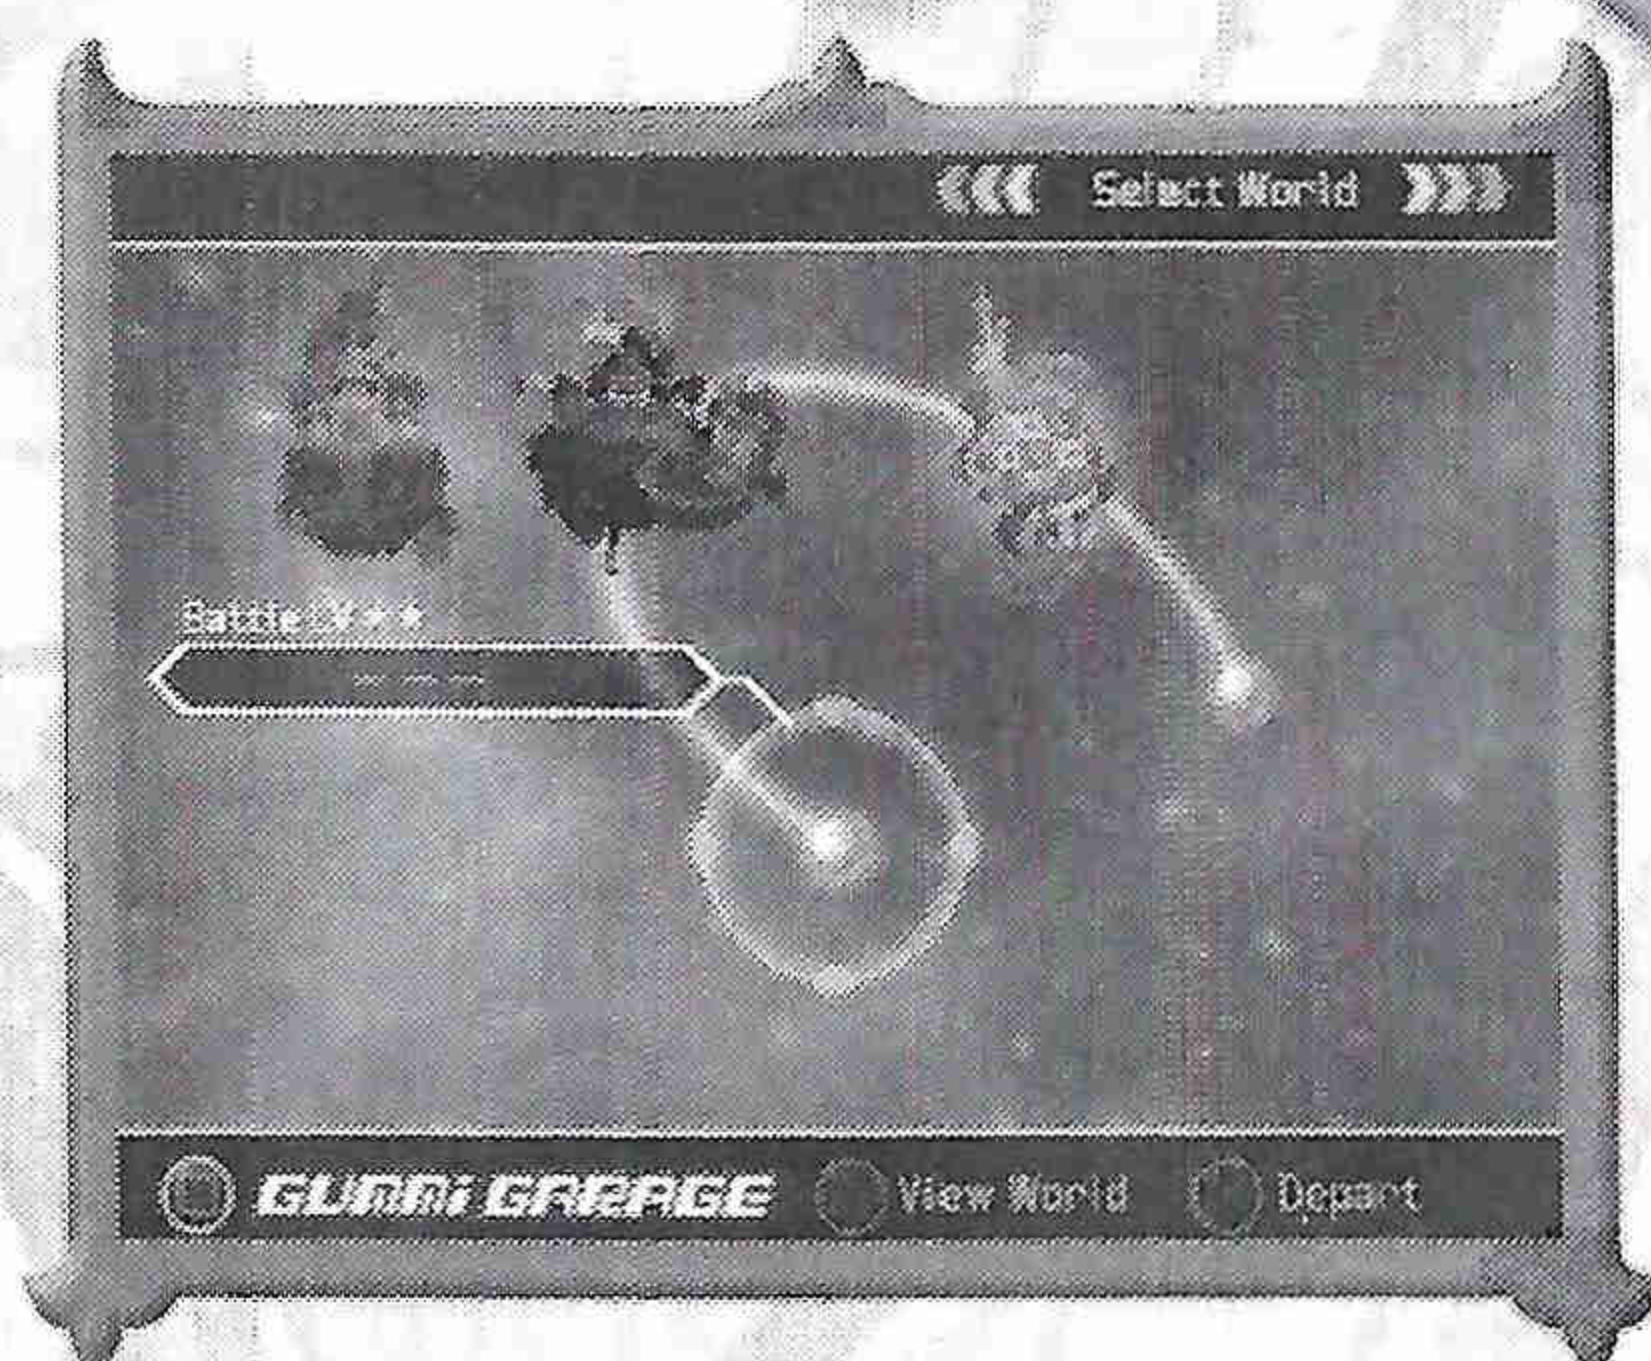

## SYNTHESIZING ITEMS

At some point in the game, you can visit the **Item Workshop** on the second floor of Traverse Town's accessory shop. Here, you can synthesize items to make unusual new items.

## WORLD SELECTION SCREEN

From this screen, you can select your world destination and access the Gummi Garage menu. Choose your destination with the left analog stick, then press the **X** button to depart. Press the **△** button to view a selected world. Press the **○** button to cancel. Press the **□** button to access the Gummi Garage menu.

## FLIGHT SCREEN

- Item**: Points to a star icon.
- Obstacle**: Points to a circular barrier.
- Gummi Ship**: Points to the player's ship.
- Radar**: Points to a circular radar display. Text: "The radar is displayed when the ship is equipped with a Scan-Gummi. The better the Scan-Gummi, the larger the area covered by the radar."
- Enemy Gummi Ship**: Points to an enemy ship.
- Weapon Sights**: Points to a reticle. Text: "The point at which equipped weapons are aimed. Hold down the R1 button to lock the target point."
- Gummi Ship's Gauges**: Points to the ship's HUD.

## GUMMI SHIP'S GAUGES

Firing lasers, using a net, and so forth all consume power, which decreases the gummi ship's **power gauge (PWR)**. The **armor gauge (ARM)** decreases when the ship crashes into obstacles or enemy ships, or when it's hit by enemy fire. If the gauge reaches zero, the world selection screen appears. The **charge gauge (CHG)** appears when the ship is equipped with a Haste-Gummi. It falls to zero when boosters are engaged, and then recharges over time. The **shield gauge (SHD)** appears when a Shield-Gummi is equipped. When the Shield-Gummi deflects attacks, the shield gauge decreases instead of the armor gauge. However, the armor gauge decreases if a ship equipped with only a frontal shield takes damage from behind.

## ENEMY GUMMI SHIPS

Some enemy gummi ships will attack your ship. Evade or destroy them as you advance. Enemy ships drop items when they are destroyed.

## OBTAINING ITEMS

Destroying obstacles and enemy ships yields items. Simply touch them to acquire them. To pick up items out of reach, equip the ship with a mechanical arm (Drain-Gummi) or a net (Osmose-Gummi).

- Replenishes the power gauge
- Fully replenishes power, armor, and shield gauges
- Replenishes the armor gauge
- Gummi block (There are various types)
- Replenishes the shield gauge
- Ship's blueprint\* (You can follow it to build a ship)

\* Some ships must be modified in order to fly.

## SELECTING LANDING POINTS

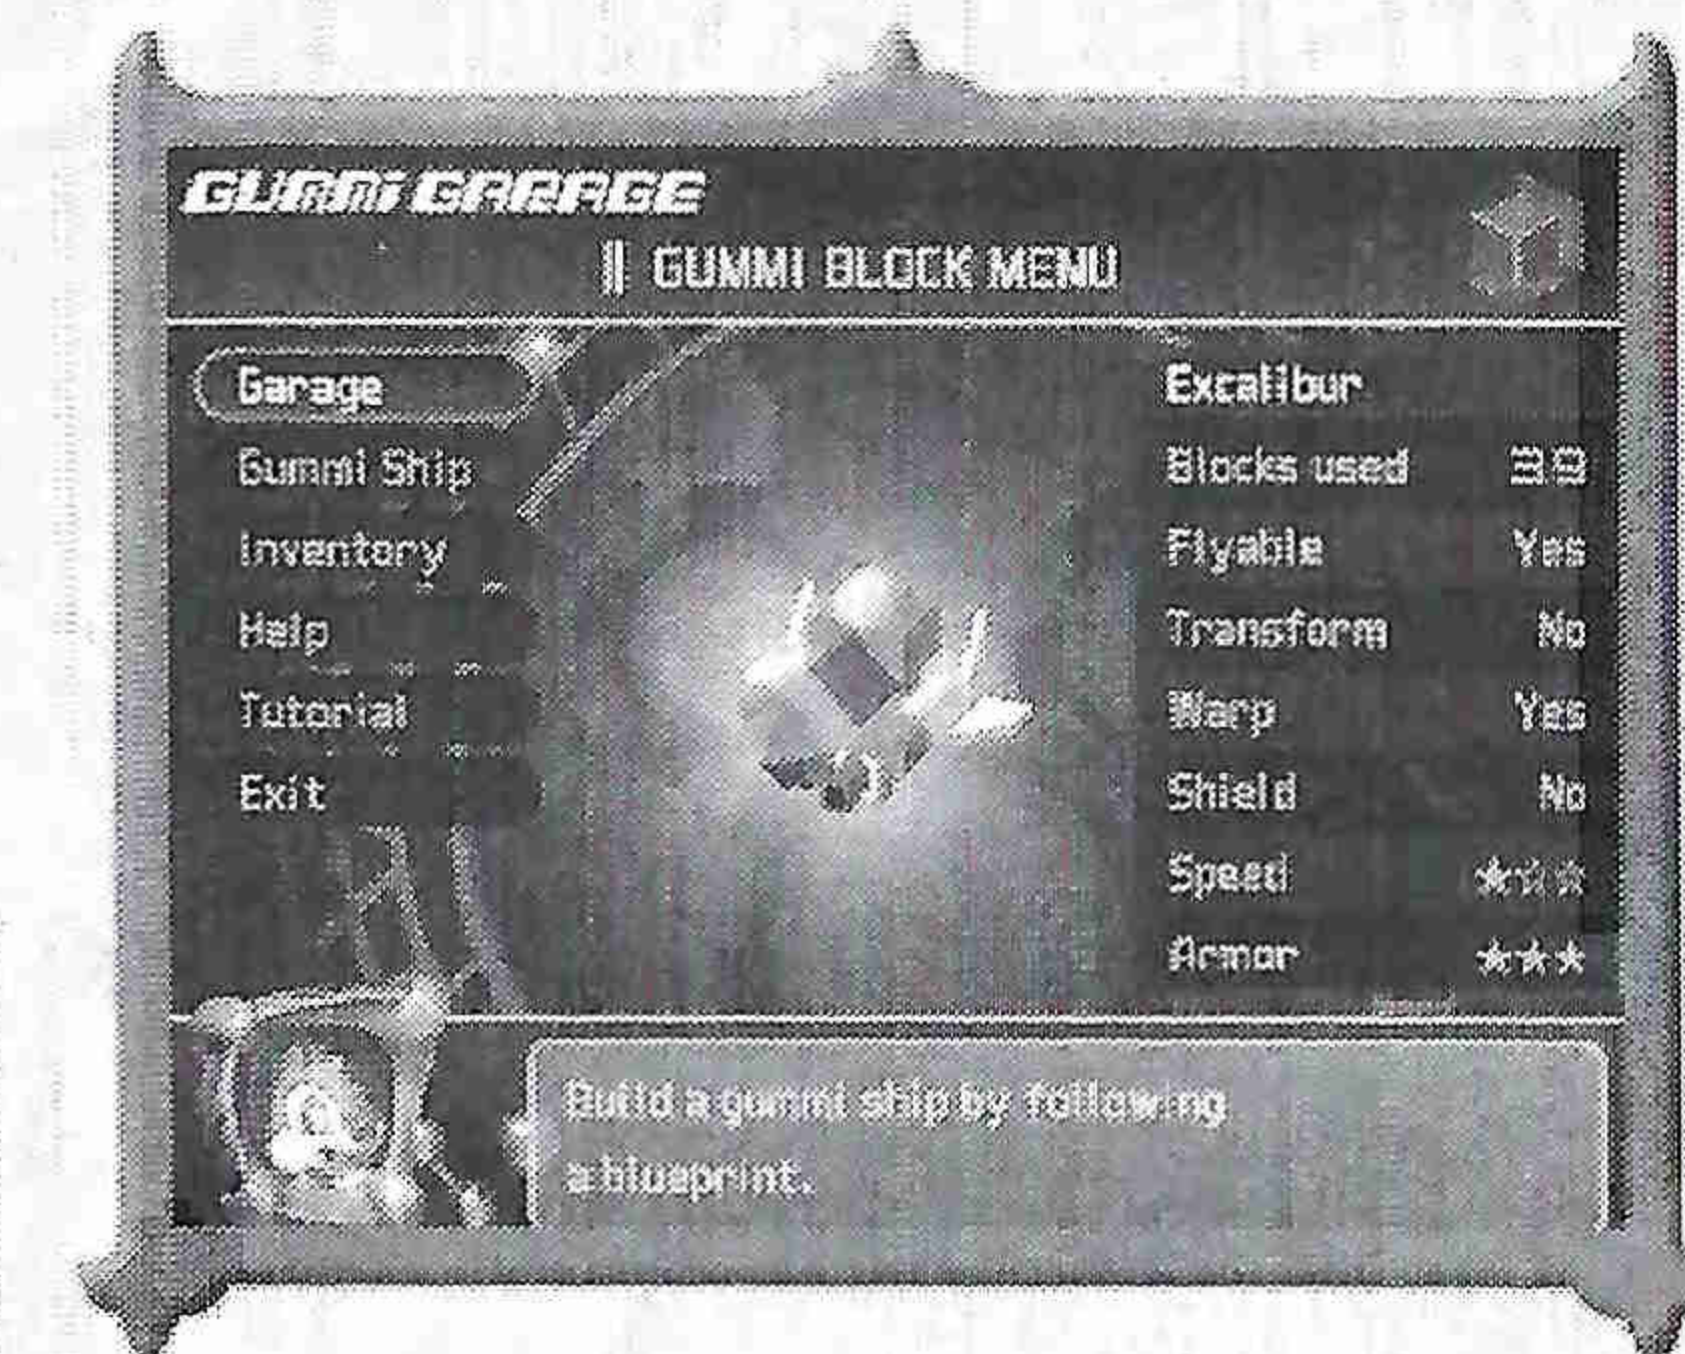

Upon arrival at your destination, you can choose different landing points. (This option is not available on your first visit to each world, however.) Press the up or down directional button to choose a location, then press the **X** button to disembark. Each world's list of landing points will grow as you find certain save points throughout the world.

## GUMMI GARAGE MENU

At the world selection screen, press the **□** button to access the Gummi Garage menu. Here, you can build or remodel gummi ships. Details of each submenu are as follows:

<b>Garage</b>	Build a gummi ship by following a blueprint.
<b>Gummi Ship</b>	Fly a different gummi ship, and customize the button configuration of the ship's controls.
<b>Inventory</b>	Gummi block inventory.
<b>Help</b>	General gummi-related information.
<b>Tutorial</b>	Quick tutorial on building a gummi ship.
<b>Exit</b>	Exit Gummi Garage menu.

Simple And Clean  
written by Utada Hikaru

You're giving me too many things  
Lately you're all I need  
You smiled at me and said,

Don't get me wrong I love you  
But does that mean I have to meet your father?  
When we are older you'll understand  
What I meant when I said "No,  
I don't think life is quite that simple"

\* When you walk away  
You don't hear me say please  
Oh baby, don't go  
Simple and clean is the way that you're making me feel tonight  
It's hard to let it go

The daily things that keep us all busy  
Are confusing me  
That's when you came to me and said,

Wish I could prove I love you  
But does that mean I have to walk on water?  
When we are older you'll understand  
It's enough when I say so  
And maybe some things are that simple

\*\* Hold me  
Whatever lies beyond this morning  
Is a little later on  
Regardless of warnings the future doesn't scare me at all  
Nothing's like before

Square Enix, Inc. ("SEI") warrants to the original purchaser of the enclosed product (the "Product") that the media containing the Product (which includes any replacement media provided under this warranty) will be free from defects in materials and workmanship for a period of ninety (90) days from the date of purchase (the "Warranty Period"). SEI's entire liability and your exclusive remedy under this limited warranty shall be, at SEI's option, repair or replacement, without charge, of all or the affected portion of any Product that proves to be defective in material or workmanship during the Warranty Period.

#### EXCLUSIONS FROM WARRANTY

This warranty applies only to defects in factory materials and factory workmanship. Any condition caused by abuse, unreasonable use, mistreatment, neglect, accident, improper operation, destruction or alteration, or repair or maintenance attempted by anyone other than SEI is not a defect covered by this warranty. #### IMPLIED WARRANTIES AND INCIDENTAL AND CONSEQUENTIAL DAMAGES

Under state law, you may be entitled to the benefit of certain implied warranties. ANY APPLICABLE IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WILL CONTINUE IN FORCE ONLY DURING THE WARRANTY PERIOD. Some states and provinces do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

NEITHER SEI NOR YOUR RETAIL DEALER HAS ANY RESPONSIBILITY FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES RELATING TO YOUR USE OF THE PRODUCT, INCLUDING, WITHOUT LIMITATION, ANY DAMAGES FOR LOSS OF DATA OR LOSS OF PROFIT, OR FOR ANY INCIDENTAL EXPENSES, LOSS OF TIME, OR INCONVENIENCE. As some states and provinces do not allow the exclusion or limitation of incidental or consequential damage, the foregoing limitation or exclusion may not apply to you.
